DESCRIPTION

Pharmacist candidate from Universitas Indonesia with laboratory and quality experience, including equipment and calibration management, GMP/GDocP/GDP compliance, CAPA management, and non-conformity support. Skilled in operating validated laboratory equipment and trained with microbiology techniques. Seeking to contribute as QC Staff at Mersifarma.

WORK EXPERIENCE

PT Enseval Putera Megatrading | Jakarta, Indonesia

Quality Assurance Intern

January 2026

- Developed Quality Risk Management document about extension calibration intervals that aligned with ICH Q9(R1), CDOB 2025, ILAC-G24, and NIST IR 8457, directly reducing more than 1000+ calibration workloads.
- Managed 5+ revisions of SOPs and instruction work documents, to ensure Good Distribution Practice and Good Documentation Practice compliance.
- Developed operational work instruction for new Jetprint machinery as part of Operational Qualification (OQ) support, ensuring equipment readiness and SOP compliance.
- Conducted preliminary research of data logger mapping protocol as the Design Qualification (DQ) of 2 new cold-chain transfer boxes, including placement justification based on WHO and USP guidelines.
- Managed NIE verification and updates for imported medical devices, including expired NIE identification and packaging relabelling to ensure traceability compliance.
- Participated in weekly quality inspections across warehouses assessing compliance with Kaizen 5S, Good Documentation Practice, Halal Product Assurance System, and Good Distribution Practice.
- Calculated Mean Kinetic Temperature (MKT) for validation of below-30°C product shipments to Medan, supporting its release decisions.

Forsta Kalmedic Global | Jakarta, Indonesia

Quality System Intern

Nov 2025 – Dec 2025

- Prepared 13 of 17 mandatory Halal Product Assurance System (Sistem Jaminan Produk Halal) documents for surgical suture products, achieving 76% document completion.
- Helped prepare internal audit documentation, including SOPs, change requests, engineering qualification, and HVAC documents.
- Executed CAPA matrix for 58 internal audit findings, classifying each by responsible department and resolution status (Open / Overdue / Closed) across 10+ departments.
- Managed the lifecycle of 15+ different SOPs from revision, scanning, watermarking (controlled/uncontrolled), distribution, to obsolete.
- Scored and categorized 20+ vendors using risk-based audit planning framework across 6 criteria: material/service type, criticality, compliance history, EKV score, supply criticality, and audit record, resulting in making a vendor audit database for 2025.
- Participated and identified non-conformities across 4 areas (suture production, dialyzer, engineering, AHU) against SOP and 5R standards, and documented all findings.

Faculty of Pharmacy, Universitas Indonesia | Depok, Indonesia

Laboratory Assistant of Pharmaceutics & Solid Dosage Form Technology

Sep 2024 – Jun 2025

- Selected by faculty for 2 consecutive terms to supervise 20+ students in GLP compliance.
- Assisted 2 lecturers in assessing student assignments and conducting practical exams.
- Guided and evaluated students throughout tablet formulation and manufacturing, including Metampiron 500mg, Paracetamol 500mg, Pyridoxine 20mg, Thiamine HCl 50mg, Al(OH)₃ 200mg + Mg(OH)₂ 200mg, and Phenobarbital 50mg.
- Supervised equipment operation including Spectrophotometer UV-Vis, Disintegration Tester, Hardness Tester, Dissolution Tester, and other necessary equipment every week.
- Assisted students in compounding pulveres, ointments, gels, pastes, and syrups.

EDUCATION

Universitas Indonesia

Aug 2025 – Aug 2026

Profession Degree in **Apothecary** (Pharmacist Candidate) (Current GPA: 3.88/4.00)

Universitas Indonesia

Aug 2021 – Aug 2025

Bachelor Degree in **Pharmacy** (GPA: 3.53/4.00)

- **Thesis Research:** Isolation of Skin Microbiome Bacteria *Corynebacterium tuberculostearicum* with Antihyperpigmentation Activity for Development of Active Ingredients in Skin Care Products.
- **Project:** Polymeric Micelles Paclitaxel Conjugated with Erlotinib for Enhanced Lung Cancer Selectivity, Dry Powder Inhaler Paclitaxel from Polymeric Micelles Nanoparticle for Lung Cancer, and Development of Pirontia Tablet (Metampiron 500 mg), Klindamine Topical Antiacne Solution (Clindamycin 1%), Fuclozole Topical Antifungal Cream (Clotrimazole 1%), and Sterile Irrigation Solution NaCl 0.9% Formulation.

ORGANIZATIONAL EXPERIENCE

Pharmacy Counseling Club Faculty, Universitas Indonesia | Depok, Indonesia

Feb 2023 – Feb 2024

Secretary

- Managed administrative and documentation functions for a 20+ member organization, including preparing and archiving official meeting minutes.
- Coordinated competition proposal submissions to ensure documentation with faculty submission requirements.
- Handled administrative documentation for the club's annual pharmaceutical seminar.
- Served as a liaison between the club and BEM Fakultas Farmasi UI for cross-organizational coordination.

COURSE

Summer Research Program Online, Tsukuba University | Tsukuba, Japan

Jun 2024 – Jul 2024

Participant

- Courses: Experimental Pathology, Endocrinology and Metabolism, Microbiology, Advanced Hemato-Oncology, Bioinformatics, Lipid Biology and Metabolism, Genome Biology, Molecular Cell Biology.

ACHIEVEMENTS

- 3rd Place of Clinical Pharmacy Skill Event KOFEIN 2024 at Universitas Airlangga, Surabaya.
- 3rd Place of Industrial Skill Event UI Pharmaceutical Industry Fest 2024 at Universitas Indonesia, Depok.
Project title: *Dry Powder Inhaler Paclitaxel from Polymeric Micelles Nanoparticle for Lung Cancer*
- 2nd Place of Essay National Avicena Competition 2024 at Universitas Udayana, Bali.
Project title: *Inhalasi Polymeric Micelles Paclitaxel Terkonjugasi Erlotinib untuk Meningkatkan Selektivitas pada Kanker Paru*
- 2nd Place of Farmakologi/Farmasi Klinis Olimpiade Farmasi Indonesia 2024.
- Top 6 Most Achievement Recognition by BEM Fakultas Farmasi UI 2024.
- Finalist of D-STAR 2025 by Darya Varia.
- Education Video Research Grant Recipient at Faculty of Pharmacy Universitas Indonesia 2025
Project title: *Penerapan PCR dalam Identifikasi Kehalalan Produk Farmasi*

RELATED SKILLS

- Technical: IQ, DQ, CPOB, CPAKB, CDOB, CDAKB, Good Documentation Practice, CAPA management, Halal Regulatory, Cold-chain qualification, ICH Q9(R1), SOP lifecycle management, Ms. Office, Quality Management System
- Proficient English User, IELTS: 6.5 (2021), TOEFL iBT: 87 (2024), Duolingo English Test: 130 (2024).
