SUMMARY

Fresh graduate Pharmacist with a UKOMNAS-PDPA score of 90.5/100 and active STRA. Have a strong foundation in pharmaceutical dosage form research, demonstrated through an undergraduate thesis on cleansing balm formulation using castor oil and virgin coconut oil, covering pre-formulation studies, process optimization, and physical-chemical safety evaluation. Proficient in analytical instrumentation (HPLC, UV-Vis, GC, AAS) and stability testing. Supported by 4 peer-reviewed scientific publications, hands on laboratory experience as a teaching assistant in Pharmaceutics and Dosage Form Technology, and supported by GMP compliant industry experience at Combiphar Group. Possesses strong analytical thinking, attention to detail, and a high commitment to scientific rigor and innovation in pharmaceutical/cosmetic product and analytical development.

EDUCATION

Universitas Muhammadiyah Purwokerto

Feb 2025 – April 2026

Professional Pharmacist Program (GPA: 3.85/4.00)

Universitas Singaperbangsa Karawang

July 2020 – July 2024

Bachelor of Pharmacy (GPA : 3.82/4.00)

INTERNSHIPS EXPERIENCE

PT. Jamu Air Mancur (Combiphar Group) - Karanganyar

Aug 2025 – Sep 2025

Pharmaceutical Industry Pharmacist Intern – Quality Assurance

- Participated in the execution of process validation and cleaning validation on herbal dosage form production lines, ensuring product quality consistency in compliance with GMP and CPOTB standards
- Conducted deviation investigations and root cause analysis using systematic problem-solving methods (Fishbone/5W+1H) to prevent recurring non-conformances.
- Managed document control activities in accordance with the applicable quality management system, including contributing to the drafting of the Site Master File.
- Performed batch record reconciliation and review to verify the completeness and accuracy of production data prior to finished product release, as well as executing the product release labeling process in accordance with QA procedures.

Rumah Sakit Daerah Gunung Jati - Cirebon

Oct 2025 – Nov 2025

Hospital Pharmacist Intern

- Performed prescription screening (drug interactions, therapeutic duplications, dose discrepancies) and Drug Related Problem (DRP) analysis during multidisciplinary ward rounds with physicians and nurses.
- Conducted Drug Therapy Monitoring (DTM) and Adverse Drug Reaction (ADR) documentation, alongside hospital pharmaceutical supply chain management (planning, receipt, storage, distribution, and regulatory reporting).

Apotek Bulu Pitu – Purwokerto

July 2025

Community Pharmacy Pharmacist Intern

- Delivered prescription dispensing and OTC self-medication counseling using the WWHAM method, including patient education.
- Managed pharmaceutical procurement using Pareto analysis and FIFO/FEFO-compliant storage, stock documentation, and reporting.

Puskesmas Bukateja & Kemangkon – Purbalingga

June 2025

Primary Health Care Pharmacist Intern

- Provided pharmaceutical care services including prescription screening, patient counseling, and ADR monitoring for MDR-TB patients.
- Assisted in pharmaceutical inventory management and participated in community health programs.

Purbalingga District Health Office – Purbalingga

June 2025

Public Health Office Pharmacist Intern

- Gained understanding of organizational structure and workflows within the Health Office, including licensing processes, cold chain product management, and the end-to-end supply chain of pharmaceutical products (planning, procurement, receiving, storage, distribution, and reporting).
- Assisted in the receiving, storage, and distribution of pharmaceutical products to healthcare facilities.

- Learned pharmaceutical distribution processes in compliance with Good Distribution Practices (CDOB).
- Studied the handling procedures for special products, including cold chain medicines, narcotics, and psychotropics.
- Gained exposure to Quality Assurance activities, including audits, deviation evaluation, CAPA, and product recalls.

ACADEMIC EXPERIENCE

Bachelor's Thesis (2024): "Formulation and Evaluation of a Cleansing Balm Based on Castor Oil and Virgin Coconut Oil"

- Conducted pre-formulation studies to determine the physicochemical characteristics and compatibility of active ingredients and excipients used in the formulation.
- Performed formulation trials and optimized the manufacturing process to obtain the best product.
- Evaluated the physical, chemical, and safety properties of the developed cleansing balm.

Laboratory Asisstant :

- Human Anatomy and Physiology Laboratory (November 2022 – January 2023)
- Pharmaceutics Laboratory (February 2022 – June 2023)
- Liquid and Semisolid Dosage Form Technology Laboratory (November 2023 – May 2024)

Scientific Publication :

- Literature Review : Study of Molecular Mechanism Level of NSAID Class Of Drugs AsCOX-2 Inhibitors | 2022 | [Link](#)
- Literatur Review: Metode Analisis Identifikasi Kualitatif dan Kuantitatif Morfin Dalam Sampel Urine | 2023 | [Link](#)
- Hubungan Efek Samping Penggunaan Obat Antihipertensi Terhadap Disfungsi Ereksi Pada Pria. | 2023 | [Link](#)
- Formulasi dan Evaluasi Sediaan Cleansing Balm Berbahan Dasar Minyak Jarak (*Ricinus communis L.*) dan Minyak Kelapa Murni (*Cocos nucifera L.*) | 2024 | [Link](#)

SKILLS

• Hard Skills :

Pharmaceutical Development

- Pharmaceutical Dosage Form Formulation & Development (solid, semisolid, liquid, and various dosage forms)
- Cosmetic formulation basics & Knowledge of raw materials and material incompatibilities
- Pre-formulation Studies (physicochemical characterization, compatibility testing)
- Formulation Optimization & Process Development
- Stability Testing & Data Interpretation
- Analytical Development & Method validation
- Analytical Instrument Operation (HPLC, UV-Vis, GC, AAS).

Regulatory & Quality System

- Good Manufacturing Practice (GMP) / CPOB, CPOTB, CPKB, ICH, BPOM Registrations.
- Documentation & Reporting
- Product Development Report / Technical Transfer Document
- Deviation Handling & CAPA

- **Soft skills** : Strong Communication Skills, Teamwork, Analytical Thinking, Time Management, Leadership, Adaptability, Critical Thinking, Decision-Making, Attention to Detail, Fast Learner, Responsibility, and Integrity.

- **Software** : Microsoft Office (Word, Excel, Power Point), Canva, Framer, Draw.io

- **Languages** : Indonesia, English (*Intermediate*)

CERTIFICATIONS
