081312343989 | fitriamaulina08@gmail.com | www.linkedin.com/in/fitria-maulina-70847b311 | Tangerang, Banten

Fresh graduate pharmacist from Padjadjaran University with hands-on experience in pharmaceutical industry (PT. Meprofarm Pharmaceuticals) and regulatory laboratory (BBPOM) environments. Familiar with GMP (CPOB), GLP, and data integrity principles (ALCOA+). Experienced in supporting documentation processes, reviewing laboratory data, and ensuring compliance with regulatory standards. Detail-oriented with strong organizational skills and eagerness to contribute to quality assurance and document management systems.

Education

Padjadjaran University – Sumedang <i>Professional Pharmacist Degree, 3.54/4.00</i>	Feb 2025 – Apr 2026
Jambi University – Jambi <i>Bachelor of Pharmacy, 3.77/4.00</i>	Aug 2020 - Jun 2024

Internship Experience

PT. Meprofarm Pharmaceutical – Bandung <i>PKPA QC, PPIC, Production</i>	Jul 2025 - Aug 2025
---	---------------------

- QC: Conducted trend analysis of environmental monitoring data (temperature and humidity) to support quality control evaluation. Performed data integrity risk assessments using ALCOA+ principles to ensure accuracy, consistency and reliability of laboratory data. Reviewed and maintained GMP-compliant documentation (SOP, SPJ, MPPJ) to support quality system effectiveness and audit readiness.
- PPIC: Managed material request documentation and ensured data accuracy for production planning processes. Analyzed warehouse temperature monitoring data to ensure proper storage conditions and product quality. Maintained NIE control documentation to ensure traceability and regulatory compliance.
- Production: Observed end-to-end pharmaceutical manufacturing processes in accordance with GMP (CPOB) standards. Developed understanding of production workflows and documentation through discussions with operators and supervisors.

BBPOM Bandung - Bandung <i>PKPA Cosmetics Testing Laboratory</i>	May 2025
--	----------

- Supported laboratory documentation and data recording in accordance with GLP standards.
- Assisted in sample handling and ensured proper documentation during testing processes.
- Reviewed and interpreted analytical data to ensure compliance with regulatory standards.
- Maintained accuracy and completeness of laboratory records for evaluation and reporting.

Immanuel Hospital - Bandung <i>Pharmacist Professional Internship</i>	Sep 2025 - Oct 2025
---	---------------------

- Evaluated medication therapy to ensure safety and effectiveness of drug use.
- Conducted prescription screening to identify potential drug-related problems.

Medika Antapani Pharmacy- Bandung <i>Pharmacist Professional Internship</i>	Jun 2025
---	----------

- Provided dispensing services and non-sterile compounding.
- Managed inventory using FIFO–FEFO system to ensure drug quality.
