

Dinda Febriana Lestari

dfdinda18@gmail.com | +6282321354915 | [linkedin.com/in/dindafeb/](https://www.linkedin.com/in/dindafeb/)

A fresh graduate pharmacist who has completed the Pharmacist Professional Program, with industry exposure across product development, quality control, and regulatory affairs. Experienced in product-related activities, pharmaceutical research, program coordination, and health education, with strong communication and presentation skills developed through organizational and community involvement. Interested in pharmaceutical product management, market analysis, and translating scientific knowledge into effective product communication.

Education

UIN Syarif Hidayatullah Jakarta Bachelor • Pharmacy • GPA 3.55	Aug 2024
Universitas Ahmad Dahlan Pharmacist Professional Education • GPA 3.92	Aug 2026

Experiences

Pharmacist Professional Program Intern

RSUD Margono Soekardjo • Hospital Pharmacy Intern April - Mei 2026

- Performed prescription screening and high-volume outpatient and inpatient dispensing, covering administrative, pharmaceutical, and clinical aspects.
- Supported pharmaceutical quality and supply activities, including FORNAS compliance analysis, receiving, inventory monitoring, and distribution to satellite pharmacies.
- Provided drug information and medication counseling and participated in medication reconciliation, patient visits, and interprofessional collaboration across emergency, operating room, oncology, and clinical pharmacy services.

Nosin Indonesia • Product Development, QC, Regulatory Affairs Intern

Feb - March 2026

- Supported formulation development and product trials for client-based cosmetic projects, including body care, fragrance, toner, serum, and sports cream products.
- Conducted quality control testing of bulk products, including pH and viscosity measurements, retained-sample checks, and packaging conformity evaluation.
- Prepared Product Information Documents (DIP) and supported new product registration through the BPOM notification system.
- Supported updates to existing product notifications and NIE renewals for established cosmetic brands.

Apotek Afina • Community Pharmacy Intern

Jan 2026

- Provided prescription dispensing, medication counseling, Drug Information Services, and self-medication services for approximately 20–30 patients/day.
- Supported inventory management, including receiving, purchase-order/invoice verification, expiry monitoring, and medication disposal.

Puskesmas Umbulharjo I / IFK Dinkes Kota Yogyakarta • Primary Healthcare

Dec 2025

- Provided high-volume dispensing services for approximately 150 patients per day, covering compounded and non-compounded prescriptions.
- Provided PIO, patient counseling, and participated in PTO and MESO activities.
- Supported pharmaceutical selection and planning for the following year's medicine requirements.
- Assisted in receiving, storing, and distributing medicines to primary healthcare facilities.

Cobra Dental Indonesia • Pharmaceutical Distribution Intern

Nov 2025

- Prepared and packed dental anesthetic medicines according to incoming sales orders for local and out-of-city customers.
- Maintained pharmaceutical distribution documentation, including sales orders, invoice copies, and billing records.
- Conducted stock opname and expiry-date monitoring of pharmaceutical products.

Exchange Student

Feb 2022

EPSF Fayoum, Egypt • Intern

Participated in a student exchange program to Egypt, assigned as an intern student at Fayoum University. Conducted internships at multiple locations, including:

- **Roshetta Pharmacy:** Learned about medication placement, pharmacology, and patient care, including managing digital prescriptions.
- **Egy Herbal Industry:** Observed the production process from raw plants to packaged herbal products, gaining insights into herbal medicine.
- **Oncology Hospital:** Learned about radiology equipment and cytotoxic pharmacy practices for developing cancer-specific medications.
