

WIDDYA MAULIDASYIFA KAMILA

[085894808113](tel:085894808113) | widya.maulidasyifa@gmail.com | www.linkedin.com/in/widdyamaulida | Cikarang, Bekasi

A Pharmacist graduate with a profound understanding of GMP (CPOB) and GDP (CDOB) implementation, acquired through comprehensive Professional Pharmacist Practice in the manufacturing and distribution sectors. Possesses technical expertise in quality risk management (CAPA methodology), packaging quality control (In-Process Control), laboratory analysis, and pharmaceutical logistics management. Ready to contribute productively, adaptively, and with a strong quality-oriented mindset in Quality Assurance (QA), Quality Control (QC), Production, Regulatory Affairs, or Distribution Management.

EDUCATION

UNIVERSITAS MUHAMMADIYAH PROF. DR. HAMKA - Jakarta

January 2025 – April 2026

- Apothecary (Pharmacist Professional Degree) (GPA: 3.71/4.00)

September 2020 – July 2024

- Bachelor of Pharmacy (S.Farm) (GPA: 3.11/4.00)

PROFESSIONAL EXPERIENCE

APOTEK JATI KRAMAT BEKASI – Pharmacist Intern (Community Pharmacy Sector) – Bekasi

April 2025

- Managed clinical pharmacy services ranging from technical prescription review to accurate medicine dispensing according to pharmacy practice standards
- Optimized inventory layout and storage management for pharmaceuticals and medical devices using FIFO/FEFO and LASA principles, ensuring stability-based storage conditions to preserve product quality

PUSKESMAS JATINEGARA – Pharmacist Intern (Public Health Center Sector) – East Jakarta

August 2025

- Controlled and monitored inventory levels of pharmaceuticals, medical devices, and government-mandated health program drugs to prevent stockouts or overstocking
- Performed comprehensive prescription screening and clinical evaluation to minimize potential medication errors during the compounding and dispensing stages

RSUD PASAR REBO – Pharmacist Intern (Hospital Pharmacy Sector) – East Jakarta

September – October 2025

- Conducted routine Patient Medication Therapy Monitoring (PTO) to evaluate the clinical effectiveness, safety, and rationality of patient drug regimens
- Executed accurate dispensing workflows using Unit Dose Dispensing (UDD) and One Daily Dose (ODD) distribution systems to ensure precise dosing, reduce stock discrepancies, and maintain patient-specific product traceability

PT. MULIA FARMA SUCI – Pharmacist Intern (Pharmaceutical Industry Sector) – Banten

Juny – July 2025

- Contributed to production deviation management by conducting root cause investigations and compiling CAPA documentation regarding weighing room labeling errors
- Executed sampling of intermediate, bulk, and finished products in strict compliance with the established sampling plan and current GMP (CPOB) protocols
- Performed In-Process Control (IPC) during primary packaging by verifying seal integrity, fill completeness, and strip quality to minimize product deviation risks
- Validated and verified the consistency of batch numbers and expiration dates between primary and secondary packaging (folding boxes/shipping cartons) to ensure product data accuracy

- Executed process validation protocols for solid (tablet) and liquid (syrup) dosage forms across both pilot and commercial manufacturing scales in accordance with GMP guidelines
- Conducted internal calibration, verification, and qualification of laboratory and production instruments to maintain process quality and consistency
- Contributed make comparative matrices (*gap analysis*) for raw material specification changes (new vs. old materials) to mitigate quality degradation risks in product formulation
- Assisted in drafting and processing Change Control documentation within the pharmaceutical manufacturer's quality management system
- Prepared Annual Product Quality Review (PMP/PQR) reports through comprehensive trend analysis of manufacturing data, quality control results, and stability monitoring

PT. PENTA VALENT – Pharmacist Intern (Pharmaceutical Distribution) – Tangerang

May 2025

- Verified the legitimacy and integrity of incoming pharmaceutical products by reconciling physical identity, batch numbers, and expiration dates against shipping documents (invoices/delivery orders)
- Managed an organized document archiving system for shipping records classified by month and principal to optimize logistical data traceability
- Maintained warehouse inventory data integrity by performing routine stock reconciliation between physical counts and the inventory system to minimize stock discrepancy

APOTEK SHANTI – Pharmacist Intern/Assistant – North Jakarta

November 2022

- Reconciled physical stock with stock cards to maintain distribution workflows and service-unit inventory accuracy
- Compounded capsule and powder (*puyer*) dosage forms according to prescriptions to meet patient-specific dosing requirements

ORGANIZATIONAL EXPERIENCE

HIMPUNAN MAHASISWA FARMASI UHAMKA – Member of Scientific Community Department – East Jakarta

2021 – 2022

- Organized and facilitated weekly scientific discussion forums to develop research competencies and foster critical thinking analysis among members
- Served as the Steering Committee (SC) to plan, direct, and evaluate the execution of the University-level Inter-student Scientific Competition Week (*Pekan Lomba Antar Mahasiswa/PLAM*) at UHAMKA

CERTIFICATIONS & LICENSES

- **Pharmacist Competency Certificate – Kolegium Farmasi Indonesia**
- **Pharmacist Registration Certificate (STRA) – Konsil Kesehatan Indonesia**

SKILLS

Hard Skills:	Industrial Regulations & Quality Systems (GMP/CPOB, GDP/CDOB, Quality Risk Management) Production & QC (Stripping Verification, Bulk & Finished Product Inspections) QA (Equipment Qualification, Internal Calibration, Validation Protocols, Document Control) Logistics Management (FIFO/FEFO/LASA Warehousing, Stock Reconciliation, Data Integrity) Software (Microsoft Office for Data Analysis & Reporting)
Soft Skills:	Detail-oriented Discarded/Disciplined Cross-functional Collaboration Technical Communication Documentation Management & Regulatory Administration
Language:	Indonesia (Native), English (Professional Working Proficiency)
