Portfolio: canva.link/devia-sophia-rahmawati-sabadiman

Professional Pharmacist graduate with robust hands-on experience in pharmaceutical manufacturing, GMP compliance, process optimization, and industrial research and development. Proven capability in supporting product trials, routine production line monitoring, and meticulous technical documentation across solid, liquid, and sterile dosage forms. Equipped with strong analytical skills, cross-functional coordination abilities, and a detail-oriented approach to support quality assurance and manufacturing efficiency.

WORKING EXPERIENCES

CGBio Pharmaceutical Company, South Korea - Remote

Jan 2025 – Jul 2026

Undergraduate Researcher

- Contributed to a collaborative research project between the Faculty of Pharmacy, Universitas Indonesia, and CGBio Pharmaceutical, focusing on the formulation, development, and evaluation of advanced topical and transdermal delivery systems.
- Executed experimental designs, data analysis, and delivered comprehensive, data-backed progress reports on experimental findings, ensuring alignment with R&D milestones and stakeholder expectations.
- Authored detailed research documentation, including draft and final reports, facilitating data-driven decision-making for industrial application and scaling.

PT. Kimia Farma Trading & Distribution, East Jakarta

Jan 2026

Internship

- Optimized inbound logistics and inventory accuracy by performing systematic receiving, inspection, and data verification for central warehouse shipments using SAP ERP.
- Assisted to ensure strict regulatory compliance by validating over 100 purchase orders for Narcotic and Psychotropic drugs in accordance with Good Distribution Practice (GDP) standards.
- Supported end-to-end distribution operations for controlled pharmaceuticals by assisting in demand assessment and order fulfillment to ensure supply chain continuity.

PT. Fonko International Pharmaceuticals, South Cikarang

Nov 2025 – Dec 2025

Internship

- Optimized production efficiency and ensured strict CPOB compliance by assisting with OEE monitoring and updating standard Work Instructions and Work Orders.
- Supported BPOM audit preparations for the Oral Solid Dispensing (OSD) line by creating instructional training videos for operators.
- Executed a special analytical project examining capping rejection trends on the sterile production line from 2023 to 2025 to support quality control, data analysis, and minimize production losses.

Laboratory Assistant at Faculty of Pharmacy, Universitas Indonesia, Depok

Aug 2023 – Jul 2025

Part time

a. **Semi Solid Technology Laboratory**

- Assisted laboratory technicians in facilitating formulation and quality evaluation practical sessions for semi-solid and liquid dosage forms, guiding student compounding techniques and assessments.

b. **Microbiology Practical Laboratory**

- Assisted laboratory technicians in managing equipment sterilization and media preparation, while demonstrating aseptic techniques and supervising practical examinations.

c. **Pharmaceutical Laboratory**

- Served across 3 consecutive semesters to coordinate formulation practical sessions with laboratory technicians, evaluate journals, and maintain pharmaceutical formulation standards.
