SUMMARY

Analyst with almost three years experience in Quality Control Departement. Have flexibility and good ability both in chemical and microbiology analyst.

I am also trained in using laboratory instruments equipment and have a good understanding in laboratory testing standards based on ISO 17025:2017.

Seeking to apply my analytical skill and flexible personality to raise the company's profile.

SKILL

Technical Skill

- Chemical Analysis (Titration, Gravimetric, Spectrophotometry, Chromatography)
- Microbiological Analysis (Total Plate Count, Pathogen Detection)
- Laboratory Instrumen (UV-Vis, AAS, GC, TOC Analyzer, Viscometer, pH meter, Conductivity meter, Laminar Air Flow)
- Microsoft Office (Word, Excel, PowerPoint)

Soft Skill

- Analytical thinking and problem-solving
- Strong attention to detail
- Effective communication skills
- Time management

Languages

- Indonesian - Native
- English - Basic

EDUCATIONAL

UNIVERSITAS JENDERAL ACHMAD YANI SI

2019-2021 GPA 3.31 out of 4.00

IPB UNIVERSITY D3

2016-2019 GPA 2.84 out of 4.00

WORK EXPERIENCE

CHEMICAL ANALYST (Quality Control Dept.)

PT. Capsugel Indonesia (Lonza)

Jan 2023 - May 2025

- Conducted material sampling
- Prepared reagent solution for all analysis
- Conducted chemical testing of raw material until finished product to ensure the quality meet the standard based on GMP and CPOB
- Analyzed > 5 additional raw material, > 10 gelatin, > 30 packaging material, and > 20 water samples/month
- Stability and Monitoring sample finish product
- Reported the result of chemical testing
- Supported complaint verification with chemical testing
- Supported internal and external audits by providing accurate and complete documentation.

MICROBIOLOGY ANALYST (Quality Control Dept.)

PT. Capsugel Indonesia (Lonza)

Jul 2022 - Des 2022

- Conducted Growth Promotion Test (GPT)
- Conducted media preparation for microbiology analysis
- Conducted identification of bacteria
- Conducted raw material, in process, and finish product analysis
- Conducted environmental monitoring sampling in laboratories and production areas
- Reported the result of microbiology testing

ACCOUNTING

Jan 2022 - Jun 2022

PT. Elang Buana (Property Developer)

Experienced in recording property sales transactions and preparing financial reports in accordance with PSAK 44 & PSAK 72

LABORATORY INTERN

PT. Pupuk Kujang Cikampek

2019

Analyzed fertilizer samples, monitoring water, and make reagent for analysis

TRAINING

- Analysis AAS for Beginners (Lab Mania)
- Awareness SNI ISO/IEC 17025:2017 (Padmalab Global Indonesia)
- Good Laboratory Practices (Lab Mania & PT. Multirejeki Kita)
- Good Manufacturing Practices (Makin Ahli)
- Quality Management System ISO 9001:2015 (Prodemy)
