linkedin.com/in/nurulia-rochmah | Kota Surabaya, Indonesia

Fresh Graduate Pharmacist with hands on Quality Control experience through a professional pharmacy internship in pharmaceutical manufacturing, focusing on stability testing and retention sample management. Experienced in sample handling, laboratory activities, data recording and review, quality documentation, and supporting GMP compliance and product traceability in coordination with QA Compliance. Gained additional hands on laboratory experience through an undergraduate thesis involving in vitro antiviral activity testing, including experimental procedures, sample preparation, data collection, and analysis in a controlled laboratory environment. Familiar with Oracle, LIMS, Microsoft Excel, and Word for laboratory data and documentation management. Detail oriented, analytical, and systematic, with strong teamwork and communication skills. Highly interested in contributing to pharmaceutical quality assurance and laboratory testing as a Quality Control Staff at PT Mesifarma.
