

ANNISA AZ ZAHRA

Jember, East Java | [+6281234304483](tel:+6281234304483) | annisaazahra1109@gmail.com | www.linkedin.com/in/annisaazzhra

I am a fresh graduate Apothecary from Jember University. I have developed strong interest and knowledge in both fundamental and advanced pharmaceutical concepts, including Quality Assurance (QA), Quality Control (QC), formulation, as well as Research and Development (R&D) in pharmaceutical, cosmetic, traditional medicine, and fast-moving consumer goods (FMCG) industries. In addition, I have explored topics such as drug registration, product packaging audits, pharmaceutical industry business process flow, and Overall Equipment Effectiveness (OEE) analysis. I am capable of handling challenging situations both independently and as part of a team.

Education

Apothecary – Jember University

Feb 2025 - Feb 2026

GPA 3.97/4.00 (37 Credits)

Bachelor of Pharmacy – Jember University

Aug 2021 - Jan 2025

GPA 3.88/4.00 (151 Credits)

Work Experiences

PT. Kimia Farma, Tbk. - Jombang, East Java

Aug 2025 - Sep 2025

Quality Assurance Intern

- Prepared drug registration documentation to support regulatory submission processes in compliance with applicable guidelines.
- Developed detailed checklists for artwork verification, color range approval, proof print validation, and vendor packaging material evaluation.
- Compiled material list reports as supporting documents for the annual audit plan.
- Generated recap and analytical reports for stability testing of HDPE bottle cap trials.
- Reviewed and verified Certificates of Analysis (CoA) and Laboratory Analysis (LA) documents for active pharmaceutical ingredients (APIs) and excipients.
- Prepared evaluation reports for existing and newly developed formula matrices.
- Conducted product mock-up photography to support regulatory submission requirements.
- Performed calculation and analysis of Overall Equipment Effectiveness (OEE) to assess manufacturing performance and identify improvement opportunities.

PT. Anugrah Argon Medica - Jember, East Java

Apr 2025 - May 2025

Apothecary Intern

- Analyzed chiller data logger records to monitor temperature stability and ensure compliance with storage and quality standards.
- Performed validation of Cold Chain Product (CCP) packaging processes, including conditioning, packing procedures, and data logger analysis during shipment validation to ensure temperature integrity.
- Conducted stock opname verification for precursor products and OOT to ensure inventory accuracy and compliance.
- Validated customer purchase orders to ensure completeness, accuracy, and regulatory compliance prior to processing.
- Conducted customer qualification processes in accordance with regulatory and company requirements to ensure proper distribution control.

Project

Undergraduate Thesis

- Optimization of Carboxymethyl Cellulose Sodium and Carbopol in Gel Mask Formulation of Glycerin-Water Extract from Butterfly Pea Flowers as Antioxidants.

Committee and Volunteer

Unej Membangun Desa (UMD) – Lumajang, East Java

Jul 2024 - Aug 2024

- Served as Secretary, responsible for preparing daily reports as well as planning and managing the activity timeline during the 45-day program implementation in Tamanayu Village, Lumajang Regency.
- Coordinator of the work program “Pembuatan Taman Tanaman Obat Keluarga (TOGA)” project, including planning, execution, and coordination with the local community.
