Pengalaman Profesional

PT Rishengchang Supply Chain Indonesia – South Tangerang, Banten

Aug 2025 – Sep 2026

Pharmacist in Charge (IPC Warehouse)

PT Rishengchang, Supply Chain Company Focused on Import and Distribution of Cosmetic Product E-commerce

- Ensured all IPC Warehouse activities complied with CPKB (Good Manufacturing Practice for Cosmetics) and BPOM regulations, including verification of product legality and traceability.
- Supervised receiving, quarantine, storage, and distribution processes by implementing FIFO/FEFO principles to maintain product quality and inventory accuracy.
- Managed quality documentation, reporting, deviations, and CAPA to ensure the effectiveness of the distribution system. Result: Improved inventory accuracy to over 99% and ensured audit processes were completed smoothly with no critical findings, maintaining warehouse operations in a compliant and efficient manner.

PT. LAFIAL Drs. Mochamad Kamal – Central Jakarta, DKI Jakarta

Oct 2024 – Nov 2024

Production & Quality Support Intern

PT. Lafial, The Leading & Biggest Drug Military Manufacturing in Indonesia

- Assisted in drafting Standard Operating Procedures (SOPs) to prevent cross-contamination.
- Participated in Corrective Action Preventive Action (CAPA) processes and coordinated with QA
- Participate in-process control (IPC) to monitor product quality throughout the process
- Supported the documentation process for production records, ensuring alignment with regulatory requirement. Result: Successfully assisted in 6 batch productions, supporting scheduling, material management, and QA compliance. Achieved 100% GMP adherence, reduced production delays by 15%, improved documentation accuracy by 20%, and minimized material wastage by 10%. Gained hands-on experience in workflow monitoring and cross-functional teamwork.

PT. Penta Valent Tbk – Jember, East Java

Apr 2024 – May 2024

Pharmacy Intern

Top 10 Private Health Product Distributors in Indonesia

- Assisted in managing inventory levels, including monitoring stock levels, tracking orders, and maintaining accurate records.
- Performed quality inspections on incoming and outgoing products, ensuring compliance with storage, handling, and expiration standards.
- Participate in archiving registration documents and updating the registered product database.
- Supporting the process of preparing and checking the completeness of pharmaceutical product registration documents in accordance with BPOM regulations.
- Temperature mapping for NPP storage room. Result: Successfully carried out mapping of psychotropic room and application of CDOB & CDAKB.

Organizational Experience

Ismafarsi Batara Jatim - @ismafarsi_batarajatim

Oct 2020 – May 2022
