

FELICIA INJANI PUSPITASARI

081235350927 | feliciainjani2@gmail.com | <https://www.linkedin.com/in/felicia-injanip/>

A highly motivated and results-oriented Pharmacist with a strong foundation in Research and Good Manufacturing Practices (GMP/CPOTB). Proven track record in pharmaceutical research and drug delivery, with a deep commitment to ALCOA principles and Good Documentation Practices (GDP). Leveraging 2 years of experience at the Drug Discovery Research Group (DUDRG) and industrial internship, I possess hands-on expertise in environmental monitoring (room mapping), analytical quality control (HPLC/UV-Vis), and quality management systems for non-conforming products. Combining technical laboratory skills with a strategic understanding of Production Planning (PPIC), I offer a unique end-to-end perspective on pharmaceutical quality, ensuring all processes align with rigorous regulatory standards to deliver safe and effective drug solutions

Work Experiences

Drug Discovery Research Group (DUDRG) - Jember

Dec 2022 - Jan 2024

Internship

a research group focusing on discovery from an herbal extract to develop drug

- Successfully managed bacterial culture scheduling (*E. coli*), maintained pathogenic stock (*P. aeruginosa*, *S. aureus*, *B. subtilis*) with high emphasis on Biosafety and contamination control, coordinated reagent inventory, and led regular collaboration with 20+ lab members through 2–3 weekly meetings
- Executed a Systematic Mapping Review: A Material Compound Research Nature in Medicinal Plants as Treatment Fracture Recovery Support Through Osteoblast and Osteoclast
- Collaborate with team of 8 member for doing antioxidant activity project using ABTS, FRAP and DPPH assay
- Evaluated herbal extract potentials as anthelmintic agents using *Caenorhabditis elegans* models.

PT. Sarwada Parna Ananta - Boyolali-Solo

Apr 2025 - May 2025

Internship

a herbal extract company located in Solo-Boyolali

- Conducted rigorous identity, potency and purity testing using HPLC, UV-Vis, Spectrophotometry and TLC to ensure raw materials and finished products met established monograph standards.
- Applied ALCOA principles (Attributable, Legible Contemporaneous, Original, Accurate) across all laboratory records to maintain strict Good Documentation Practices (GDP)
- Supported process optimization and validation efforts for Stevia leaf maceration, analyzing critical process parameters to ensure consistent yield and quality
- Executed environmental monitoring and room mapping using data loggers to ensure compliance with GMP (CPOB) standards for temperature and humidity
- Developed and administered training assessment materials for Returned Product Handling within the Quality Management System (QMS)

PT. Ferron Par Pharmaceuticals - Cikarang

Oct 2025 - Present

Planning Production and Inventory Control (PPIC Officer)

Industrial pharmacy located in Cikarang, West Java

- Coordinated seamlessly with the Production, Purchasing, and Formulation teams to ensure the timely availability of over 200+ raw materials, supporting uninterrupted manufacturing of various pharmaceutical dosage forms.
- Developed comprehensive monthly production schedules and contributed to annual material planning by accurately forecasting raw material requirements, optimizing workflows, and preventing both stock shortages and surpluses.
- Prepared annual purchasing plans for key materials, aligned inventory with production demands, and reduced inventory risk by approximately 10–15%
- Verified raw materials against current formulations and expiration dates to uphold strict quality standards.
- Collaborated closely with the Quality Control (QC) team to monitor daily material releases, ensuring smooth, consistent, and compliant production operations.

Education

Universitas Jember - Jember, Indonesia

Aug 2024 - Sep 2025

profession Apothecary, 3.96/4.00

- contributed to a systematic mapping review journal on the potential use of herbal extracts in bone health and regeneration

Universitas Jember - Jember, Indonesia

Aug 2020 - Jan 2024

Bachelor of Pharmacy (B.Pharm), 3.48/4.00

- 2nd Winner of National Essay Competition by Faculty of Pharmacy Universitas Jember
- 3rd Winner of The Most Outstanding Student in Faculty of Pharmacy
- 3rd Winner of Instagram post design themed "Bijak Buang Sampah Obat"
- Invited Speaker in Drug Discovery Research Group to presenting how Systematic Mapping Review can be choice to get foundation next research
- Invited Speaker at Student Orientation (PKKMB) in Faculty of Pharmacy University of Jember
- Favorite Poster Design for Olimpiade Update Festival 2021 themed " Sustainable Development Goals 5.0"

Organizational Experience

UKM Kerohanian Katolik Universitas Jember - Jember

Mar 2021 - Dec 2022

Coordinator in Religy Division

- Managed Event in UKMKK and collaborate with 50 member from every faculty
- Managed collaboration with external organization for sharing job description
- Managed social media from 50 until 95% engagement every post

Achievements

- Achievements** (2023): 3rd Winner of The Most Outstanding Student in Faculty of Pharmacy
- Webinars Attended** (2021): Invited Speaker with themed " All About Journal and Journal Review"
- Scholarship** (2023): Functionary Scholarships
- Achievements** (2022): 2nd Winner of National Essay Competition by Faculty of Pharmacy Universitas Jember
- Achievements** (2021): 3rd Winner of Instagram post design for Bijak Buang Obat held by Curtin University Australia
- Hard Skills** (2022): Moderator at International Conference on Medicinal Plants (ICMP)
