Tangerang City

Fresh graduate Pharmacist with a strong interest in pharmaceutical quality control and analytical testing, experienced in performing basic quality testing, sampling, and laboratory preparation during internship. Familiar with UV-Vis spectrophotometry and fundamental concepts of HPLC, as well as method validation, Out of Specification (OOS), and deviation handling. Competent in documenting laboratory activities to ensure data accuracy, traceability, and compliance with GLP, GMP/ CPOB, and Good Documentation Practice (GDocP). Detail-oriented, disciplined, and able to follow strict SOPs in a regulated environment, with strong motivation to contribute as a Quality Control Analyst by supporting reliable testing processes and collaborating with cross-functional teams.

Education Level

Universitas Muhammadiyah Purwokerto - Banyumas Regency, Indonesia

Feb 2025 - Apr 2026

Professional Pharmacist Program, 3.84/4.00

- Achievements: Selected Participant – International Pharmaceutical Industrial Internship at IKOP Pharma, Kuantan, Malaysia

Institut Teknologi Sumatera  - South Lampung, Indonesia

Aug 2020 - Sep 2024

Bachelor, 3.62/4.00

- Activities: Laboratory Assistant Organic Chemistry and Laboratory Assistant Phytochemistry
- Achievements: Research Grant Awardee & Published Author. Title: Analysis Interaction of Nicotinamide and Ascorbic Acid and Its Derivatives as Active Substances in Skin Lightening Cosmetic Products – Published in Journal of Science and Applicative Technology, 26 January 2026

Relevant Experiences

IKOP Pharma - Kuantan, Malaysia

Aug 2025

Internship

- Quality Control: Performed minimum fill testing using 30 units across multiple batches in accordance with pharmacopeial requirements; prepared 30+ microbiological media plates; conducted Purified Water (PW) sampling at 5 Points of Use (POU); and recorded raw data and laboratory test results in compliance with Good Documentation Practice (GDocP).
- Quality Assurance: Prepared simulated 3rd-tier documentation (Product Complaint Procedure) in accordance with GMP and GDocP; developed internal audit checklist questions to support self-inspection activities.
- Production: Completed batch record documentation for 3 simulated production-scale batches (semi-solid and hand sanitizer), ensuring accuracy and completeness in line with GMP requirements.
- Engineering: Performed HVAC monitoring in Grade D cleanrooms and conducted temperature mapping using 11 data loggers to support environmental control verification.
- Research & Development: Conducted formulation training on hand sanitizer and aqueous cream based on British Pharmacopoeia, and prepared Master Formulation Documents.

Lembaga Farmasi TNI Angkatan Udara - Bandung, Indonesia

Sep 2025

Internship

- Conducted preformulation and formulation studies for 3 formulations and performed lab-scale manufacturing of Vitamin C tablets
- Performed quality control testing on tablets and granules, including hardness, friability, and disintegration evaluation, ensuring compliance with pharmacopeial specifications
- Developed an SOP for compressed air quality testing (oil content) to support monitoring of critical utilities
- Designed a temperature mapping protocol model for finished product storage to support stability studies and ensure uniform storage conditions

Bio Farma - Bandung, Indonesia

Jul 2023 - Aug 2023

Internship

- Observed upstream and downstream processes in bulk tetanus production
- Assisted in reviewing and documenting batch manufacturing records
- Learned implementation of GMP principles, including CIP and in-process control (IPC)
- Observed pharmaceutical water system management and cleanroom operations
- Supported basic equipment qualification activities under supervision

Organisational Experience

Pharmacy Student Association (HIMAFSA) - South Lampung, Indonesia

Staff Treasurer

- Managed incoming funds allocation and assisted in financial administration, including monthly financial recaps and budget distribution across departments.

Certificate & Skills

- **Pharmaceutical Industrial Training** 📄 (2025): IKOP SDN. BHD.
- **Regulatory Affairs (Halal, BPOM, SNI) in the Pharmaceutical Industry** 📄 (2026): Teman Group
- **Soft Skills:** Attention to Detail, Analytical Thinking, Communication, Teamwork, Time Management, Problem Solving
- **Hard Skills:** Microsoft Office (Word, Excel, PowerPoint), Canva (basic design), UV-Vis Spectrophotometry
