

APT. SELLA MOLIGA, S.FARM.

Jakarta Barat, Indonesia | 085377053852 | sellamoliga02@gmail.com | linkedin.com/in/sella-moliga

PROFESSIONAL SUMMARY

Registered Pharmacist with an active STRA and a strong foundation in pharmaceutical manufacturing operation. Skilled in supervising production workflows, enforcing strict compliance with CPOB (GMP) guidelines, Product Reformulation, reviewing Batch Manufacturing Records (BMR), and optimizing batch yield efficiency. Combines technical knowledge of active formulation processing with strong leadership and problem-solving abilities to direct cross-functional operators, ensure ALCOA+ data integrity, and drive continuous improvement as Industrial Pharmacist.

EDUCATION

Universitas Jenderal Soedirman Purwokerto, Central Java
Pharmacist Professional Program (PSPPA). GPA: 3.67 / 4.00 Apr 2026

- Relevant Coursework & Compliance: Mastered core modules in Clinical & Community Pharmacy Management, Pharmacy Law, and compliance standards for CDOB and CPOB guidelines.
- Publications: Co-authored "Buku Farmasi Perdesaan" with academic faculty and published a peer-reviewed scientific journal article on "Pengaruh Pemberian Edukasi Terhadap Pengetahuan Masyarakat tentang DAGUSIBU"
- Conducted advanced practical training focused on patient consultation simulations, prescription audit trails, and self-medication (swamedikasi) handling.

Sekolah Tinggi Ilmu Farmasi Bhakti Pertiwi Palembang, South Sumatra
Bachelor of Pharmacy (S.Farm.). GPA: 3.39 / 4.00 Sept 2024

- Academic & Lab Experience: Served as Laboratory Analyst/Assistant for Pharmaceutics & Physical Pharmacy, preparing formulation materials, calibrating instruments, and executing research assignments on method validation.
- Thesis: Anti-hyperuricemic Activity Test of Ethyl Acetate Fraction of Beluntas Leaves in Potassium Oxonate-Induced Male White Rats - Executed in vivo pharmacological screening, natural product extraction, and biochemical marker analysis.
- Relevant Coursework & Skills: Studied Pharmacology, Medicinal Chemistry, Phytochemistry, and Galenical Compounding, utilizing SPSS for statistical data analysis and research interpretation.
- Executed laboratory research assignments, focused on pharmaceutical formulation analysis and method validation techniques.

SMK Kesehatan Athalla Putra Palembang, South Sumatra
Vocational High School Degree in Pharmacy (SMK Farmasi). GPA: 92 / 100 May 2020

- Acquired primary competencies in basic prescription reading, drug classification, and standard retail dispensing management.
- Trained in fundamental pharmaceutical dosage preparation, inventory record keeping, and basic store administration.

EXPERIENCE

PT. Anvita Pharma Indonesia Karawang, West Java
Industrial Quality Assurance Pharmacist Intern Oct 2025 – Nov 2025

- Audited comprehensive Batch Manufacturing Records (BMR) and master archives to resolve documentation discrepancies, supporting Product Quality Review (PQR) compilations under strict CPOB and ALCOA+ data integrity standards
- Reviewed manufacturing logs, verified physical-chemical data inputs, and managed technical document control files to eliminate non-conformance risks.
- Assisted in analyzing process deviations during production runs and checked batch traceability matrices across processing lines.

PBF PT. Penta Valent

Banyumas, Central Java

Distribution Pharmacist Intern

Aug 2025 – Aug 2025

- Controlled logistics dispatch forms and audited shipment verification manifests under standard corporate CDOB compliance procedures.
- Tracked internal inventory database entries and checked batch indices to maintain absolute material traceability within the facility.

RSUP Dr. Kariadi Semarang & Apotek Binar

Central Java

Clinical & Community Pharmacist Intern

Apr 2025 – Jul 2025

- Screened technical prescriptions for operational accuracy and audited administrative registries for high-alert substances.
- Monitored standard inventory storage environments and conducted rigorous measurements during materials preparation cycles to support safe operations.

Apotek Kimia Farma & Rumah Sakit IHC (Pertamedika)

Palembang, South Sumatra

Pharmacy Technician Intern (SMK Vocational Program)

Jan 2019 – Apr 2019

- Assisted supervisors in operational material sorting, data recording, and organized technical storage containment zones.
- Monitored product batch logs, conducted routine stock verification, and maintained accurate basic store administration spreadsheets.

LEADERSHIP & ACTIVITIES

Campus Community Volunteer Program

Palembang, South Sumatra

Head of Health Division

Jan 2024 – Feb 2024

- Led and directed a team of 10+ volunteers in managing operational workflows and healthcare logistics for community screening programs.

Badan Eksekutif Mahasiswa (BEM) – STIFI Bhakti Pertiwi

Palembang, South Sumatra

Leader of Research Division

Jul 2022 – Jun 2023

- Supervised divisional project timelines, delegating tasks effectively to team members and driving cross-functional student body communications.

Himpunan Mahasiswa Farmasi (HIMAFAR)

Palembang, South Sumatra

Staff of Human Resource Development (PSDM Division)

Dec 2021 – Nov 2022

- Designed and executed the selection workflow for organization members, managing assessment tracking from screening to final evaluation.

SKILLS & INTERESTS

Technical Skills: Product Reformulation and Improvement, Laboratory-scale Formulation, Stability Testing (ICH/ASEAN Guidelines), CPOB/GMP Compliance, BMR, PQR, Master Documentation and ALCOA+ Data Integrity.

Operations & Compliance: Good Distribution Practices (CDOB), Indonesian Ministry of Health Regulation of OTC Classification Criteria, BPOM Regulations and Product Registration Dossiers

Core Competencies: Operational Leadership, Cross-Functional Team Coordination, Independent Task Execution, Analytical Problem Solving, Critical Thinking, Effective Communication, Decision Making under Regulatory Guidelines.

Languages & Core Tools: Native Indonesian, Professional English (TOEFL ITP: 467), Microsoft Office Suite (Excel Data Handling, Word), SPSS Statistical Verification.

Interests: Industrial Pharmaceutical Quality, Manufacturing Excellence, Regulatory Affairs, and Technical Quality Audit Processes.
