Personal Profile

Licensed pharmacist with cross-functional experience across industrial manufacturing, regulatory affairs, pharmaceutical distribution, and clinical settings, gained through five internships including at Lembaga Farmasi TNI Angkatan Laut and BPOM. Demonstrated hands-on competency in GMP/CPOB compliance, IPC testing, and end-to-end QMS documentation — including CAPA, deviation management, batch record review, and change control. Holds industry-relevant certifications in Quality Assurance, Calibration, Good Laboratory Practice, and Liquid Chromatography. Graduated with distinction from UIN Syarif Hidayatullah Jakarta. Detail-oriented and committed to upholding product quality and regulatory compliance at every stage of pharmaceutical manufacturing.

Education

Universitas Islam Negeri Syarif Hidayatullah Jakarta	February 2025 – April 2026
Professional Pharmacist, GPA 3.88	
Universitas Islam Negeri Syarif Hidayatullah Jakarta	September 2020 – August 2024
Bachelor of Pharmacy, GPA 3.67	

Internship Experience

Apotek Alpro Indonesia	Juni – Present
Community Pharmacist	
• Provided drug information and patient counseling to 50+ customers daily on dosage, side effects, drug interactions, and proper storage to support rational and safe medication use • Screened prescriptions for accuracy and appropriateness, ensuring patients received correct medications and dosages in compliance with applicable dispensing and compounding standards • Monitored drug therapy effectiveness and safety, identifying and addressing drug-related problems including interactions and adverse reactions • Managed medication and health product inventory, ensuring proper storage conditions to maintain product quality and regulatory compliance • Delivered health consultation and risk assessment services, alongside community health education and disease prevention promotion • Supported pharmacy business operations, including administrative documentation, sales tracking, and promotional activities to ensure efficient day-to-day store management	
Lembaga Farmasi TNI Angkatan Laut	October – November 2025
Industrial Pharmacist Intern	
• Participated in a cross-departmental GMP rotation across QC, QA, and Production departments, developing hands-on competency in pharmaceutical manufacturing systems and quality standards across the full production cycle • Analysed production preparation for Vitarma Multivitamin by reviewing process flow, master formula, and packaging documentation to identify compliance gaps and confirm alignment with CPOB requirements • Reviewed and verified supply chain quality documents — including CoA, batch records, halal certification, MSDS, and purchase orders — to ensure data integrity and end-to-end traceability • Supported QMS activities including deviation management, CAPA implementation, and change control, ensuring corrective actions were documented and resolved in compliance with GMP requirements • Performed IPC testing on tablet dosage forms — including hardness, friability, disintegration time, weight variation, and thickness — and independently recorded and evaluated results against established specifications to support batch release decisions	

- Participated in internal discussions and presentations by BPOM staff on drug and cosmetic registration processes, gaining foundational understanding of regulatory submission requirements and post-market surveillance mechanisms
- Analysed regulatory changes between PerKa BPOM No. 24 Year 2017 and PerBPOM No. 15 Year 2023 on drug registration, identifying key updates including accelerated evaluation pathways, label and form adjustments, and introduction of new registration routes
- Conducted literature reviews and regulatory data analysis on Extraordinary Food Poisoning Incidents to support evidence-based regulatory decision-making and food safety policy frameworks

PT. Kimia Farma Trading & Distribution

August 2025

Pharmaceutical Distribution Pharmacist Intern

- Ensured end-to-end distribution operations complied with GDP/CDOB standards, covering receiving, storage, and delivery processes
- Applied QMS principles through strict adherence to SOPs and documentation workflows, supporting audit readiness
- Conducted stock opname and inventory monitoring to maintain accuracy and product traceability
- Maintained complete and accurate documentation aligned with regulatory and quality requirements

Rumah Sakit Pelabuhan Jakarta

June – July 2025

Clinical Pharmacist Intern

- Conducted medication reconciliation and evaluated patient therapy to identify drug-related problems and medication errors
- Contributed to ADR reporting and medication safety monitoring to support patient safety outcomes

Apotek Firas

April – May 2025

Community Pharmacist Intern

- Managed pharmaceutical inventory using FIFO/FEFO principles with proper storage of high-alert medications
- Performed non-sterile compounding and maintained accurate stock and goods receipt documentation

Organizational Experience

Pharmacy Student Association, UIN Jakarta

May 2022 – July 2023 Staff of Art and Sport

Department

- Organised and coordinated student activities in arts and sports to enhance student engagement and teamwork
- Led cross-functional collaboration with internal teams and external partners to successfully execute high-impact events and programs
