ACHIEVEMENT

Program Kreativitas Mahasiswa (PKM)

2023

- Recipient of funding from the Ministry of Education's Student Creativity Program in Exact Research (PKM-RE)
- Developed an innovative cosmetic serum containing flavonoid extract from Cucumis sativus L. as an anti-eye bag treatment
- Compiled scientific and technical data related to formulation development and prepared structured scientific documentation in accordance with research reporting requirements.
- Collaborated in a team to produce a structured and applicable research proposal

WORKSHOP & TRAINING

Good Laboratory Practice

Makin Ahli | 2026

- Gained knowledge of BPOM regulatory requirements for pharmaceutical product registration
- Learned principles of sample collection and handling, laboratory equipment, reagents, and testing methods.
- Developed understanding of Good Documentation Practice (GDP), data management, and test result reporting.

Regulatory Affairs in Pharmacy Industry

TemanLab | 2026

- Gained knowledge of BPOM regulatory requirements for pharmaceutical product registration
- Learned CTD dossier preparation and regulatory submission processes
- Developed understanding of regulatory compliance throughout the product lifecycle (pre market and post market)

Quality Assurance & Quality Control untuk Industri Farmasi

Ioda Academy | 2026

- Learned QA/QC roles in pharmaceutical quality systems.
- Covered process flow, critical quality control points, and quality documentation.
- Developed a QA/QC flow map based on a tablet manufacturing case study.

Regulatory Affairs in Cosmetic Industry

PT. Rasi Latih Nusantara | 2026

- Learned cosmetic product registration requirements and BPOM regulatory framework.
- Gained knowledge of regulatory dossier preparation and submission processes.
- Understood regulatory compliance and post-marketing requirements for cosmetic products.

CERTIFICATE

- Good Laboratory Practice
Makin Ahli | 2026
- Regulatory Affairs in Pharmacy Industry
TemanLab | 2026
- Quality Assurance & Quality Control untuk Industri Farmasi
Ioda Academy | 2026
- Certificate of Training Regulatory Affairs in Cosmetic Industry
PT. Rasi Latih Nusantara | 2026
- Sertifikat Kompetensi Apoteker
Kolegium Farmasi | 2026
- Certificate as participant of 2023 Program Kreativitas Mahasiswa (PKM)
Kementrian Pendidikan Tinggi, Sains, dan Teknologi | 2023

SKILLS

Hard Skills :

- Good Manufacturing Practice (GMP/CPOB)
- Pharmaceutical Production Process
- Batch Record & Production Documentation
- Basic QA/QC Principles
- SOP & Quality Compliance
- Microsoft Office
- English – Intermediate/Upper-Intermediate (TOEFL Score : 556)

Soft skills :

- Attention to Detail
- Teamwork & Coordination
- Communication
- Adaptability
- Problem Solving
- Ability to Work Under Pressure
