A pharmacy student at the Universitas Sumatera Utara, with internship experience through the MBKM programme at BRIN, I was honoured to receive an international achievement award in 2024 and have the opportunity to lead various organisations. This was enabled by my role as a laboratory assistant specialising in medicinal chemistry, as well as gaining internship opportunities at leading institutions relevant to my profession

EDUCATION

Universitas Sumatera Utara

Bachelor of Pharmacy, GPA 3.60/4.00

July 2021 – March 2025

Universitas Sumatera Utara

Pharmacist Professional Program Student, GPA 4.00/4.00

August 2025 – August 2026 (expected)

EXPERIENCE

Rumah Sakit Umum Pusat Fatmawati

March - April 2026

- Managed pharmaceutical supplies across 11 pharmacy units, including the preparation and distribution of medications, medical devices, and consumable medical supplies for both inpatient and outpatient services.
- Performed clinical pharmacy services ranging from prescription review to sterile dispensing activities in five outpatient care buildings, with a focus on medication therapy monitoring and drug use evaluation.
- Collaborated with multidisciplinary healthcare professionals through medical rehabilitation ward round activities to support patient-centered care.

PT. Kalbio Global Medika

January - February 2026

- Learnt about Good Manufacturing Practice (GMP), root cause analysis, and methods for addressing and evaluating issues, whilst maintaining coordination with other departments.
- Responsible for an automatic visual inspection optimization project, including challenge test preparation and qualification activities in collaboration with the Quality Assurance team.
- Conducted document improvement and revision processes, including the SOP for cold room thermal mapping, cold room logbook updates, and preparation of gap assessment documents for external audit requirements.
- Participated in Quality Control projects related to in-use stability studies for insulin products.

Kimia Farma Iskandar Muda Apotek

November 2025

- Participated in multi-product sales initiatives at the pharmacy, contributing to the achievement of the highest pharmacy sales performance across Kimia Farma North Sumatra region.
- Performed community pharmacy activities, including pharmaceutical inventory management, clinical pharmacy services, and self-medication counseling in the pharmacy setting.
- Conducted prescription confirmation with physicians, followed by medication dispensing, prescription services, and provision of drug information and patient counseling.

Puskesmas Kedai Durian

October 2025

- Managed pharmaceutical supplies and medical consumables (BMHP) within the primary healthcare center.

- Participated in public health education programs, free health screening activities, and community health service programs (Posyandu).
- Performed clinical pharmacy services, including prescription processing, dispensing, and provision of drug information services to patients.

PT. Enseval Putera Megatrading, TBK

September 2025

- Performed documentation and verification of invoices, purchase orders, and partner/customer records within the pharmaceutical distribution facility.
- Conducted monitoring activities to ensure compliance with Good Distribution Practice (CDOB) standards, including drug storage, inventory receipt and distribution processes, and documentation archiving.

Badan Riset dan Inovasi Nasional (BRIN) RI

August - December 2024

- Conducted research on drug delivery system development using transferosome vesicle systems with the research title: "Development of Curcuma sp. and Citrus sp. Extract Formulation as Antibacterial and Immunomodulatory Agents."
- Enhanced knowledge and technical skills in instrument operation and scientific article writing through collaboration with researchers in related fields.
- Improved competencies in Good Traditional Medicine Manufacturing Practice (CPOTB) and pharmaceutical product testing parameters at the CPOTB Laboratory, Research Center for Chemistry, BRIN Serpong.

Community Service

May - November 2023

- Provided community service through training to improve skills in producing products with the title "Enhancing the Creativity of Youth under the Guidance of the Tanjung Morawa Social Services Agency's Child and Youth Unit through Training in Essential Oil Production and Application."
- Provided guidance on the production of massage oil and lotion in the application of essential oils to more than 50 youth participants at the Tanjung Morawa Social Services Agency's Child and Youth Care Unit.
- Monitored the skills acquired over a period of one month and the quality of the products produced in accordance with quality assurance standards.

Laboratorium Kimia Medisinal

February 2023 - June 2025

- Assisted more than 500 students in conducting laboratory practical sessions, project-based learning activities, and practical examinations.
- Supported lecturers in preparing teaching materials, laboratory instructions, examination questions, and practical exam preparations.
- Facilitated six chemistry-related laboratory courses in drug development, including Organic Chemistry, Drug Synthesis, Physical and Electrochemical Analysis, Food Analysis and Separation Technology, and Biochemistry.

ORGANIZATION

Vice President | Badan Eksekutif Mahasiswa Fakultas Farmasi USU

Februari 2024 – Maret 2025

- Coordinated 3 coordinators, 9 departments, and 50 executive board members through regular meetings and discussions regarding work programs, events, and internal campus issues.
- Responsible for major faculty events including WOJA (*Workshop of Jamu*), PKKMB (*Introduction to Campus Life for New Students*), and PPLF (*Primary Pharmaceutical Leadership Forum*), while supporting other organizational activities.
- Success as chair of the PKKMB (Pengenalan Kehidupan Kampus bagi Mahasiswa Baru) organising committee for the Faculty of Pharmacy USU in 2024, with a focus on building teamwork among new students.

President | Himpunan Mahasiswa Farmasi *Magna Consilium* USU**November 2023 – Februari 2024**

- Established and maintained strong collaboration with Ikatan Senat Mahasiswa Farmasi Seluruh Indonesia (ISMAFARSI).
- Initiated the establishment of the Student Executive Board of the Faculty of Pharmacy through the integration of the Faculty Student Government and Magna Consilium Pharmacy Student Association to optimize student organizational management within the Faculty of Pharmacy.

Internal Secretary General Staff | ISMAFARSI Bergelora**November 2022 – November 2024**

- Assisted the Secretary General in coordinating organizational members across Indonesia by strengthening communication among national, regional, and student executive organizations nationwide.
- Organised networking events for ISMAFARSI executives across Indonesia to foster better understanding and expand professional networks

Department Head | UKMI Ath-Thibb Fakultas Farmasi USU**Desember 2022 – Februari 2024**

- Supervised active and passive members through regular Islamic study activities aimed at fostering better character development and personal values based on Islamic principles among Muslim pharmacy students.
- As chair of TEKAD I (Temu Kader), organised a cadre meeting at the Faculty of Pharmacy USU in 2023 to provide training for new cadres

ACHIEVEMENTS

- **2nd Place Winner:** *Oral presentation competition of Medan International Conference on Biomedical Science USU 2024*
- **2nd Place Winner:** *Abstract competition of Medan International Conference on Biomedical Science USU 2024*

SKILLS

Hard skills : Good Manufacture Product, Good Distribution Product, Good Manufacture Traditional Product, Packaging product knowledge, Pharmaceutical Research and Development product..

Soft skill : Leadership, Organization management, Good communication, Cross-functional Teamwork, Critical & analytical thinking

Tools/Software : Spektrofotometer UV-Vis, Microplate reader, Microsoft office 365, SPSS
