Pulo Gadun, East Jakarta

A Pharmacy graduate currently pursuing the Pharmacist Professional Program at Universitas Muhammadiyah Surakarta, with hands-on experience in Quality Assurance activities within pharmaceutical operations, including documentation management in accordance with GMP standards, quality data review, product handling, inventory management, and distribution process oversight. Accustomed to working systematically and with strong attention to detail in supporting deviation handling, CAPA implementation, and continuous quality improvement initiatives, while continuously developing strong analytical skills, a high sense of responsibility, and a firm commitment to quality, safety, and regulatory compliance to ensure safe and high-quality pharmaceutical products reach patients.

Work Experiences

RSPAL dr. Ramelan - Surabaya

Oct 2025 - Nov 2025

Apothecary Internship

- Conducted high-volume prescription screening and verification (+500 prescriptions/day), ensuring accuracy, patient safety, and compliance with hospital SOPs and regulations.
- Participated in clinical ward rounds/visits (15+ patients), contributing to medication review, therapy monitoring, and patient counseling to optimize treatment outcomes.
- Contributed to hospital quality and safety initiatives, including ADR monitoring (MESO), antimicrobial stewardship (PPRA), and Drug Use Evaluation (DUE).
- Gained exposure to sterile/non-sterile preparation workflows, CSSD environmental readiness, and SIMRS-based documentation to support traceability and service efficiency.

Lembaga Farmasi TNI Angkatan Udara (LAFI-AU) - Bandung

Aug 2025 - Sep 2025

Apothecary Internship

- Participated in the production of tablet and syrup supplement formulations, including raw material weighing, processing, in-process control, and preparation of finished products.
- Assisted in Quality Control (QC) testing and data interpretation for tablets and syrups based on pharmacopeial requirements, including UV-Vis spectrophotometric analysis, dissolution testing, and key physical/chemical evaluations (e.g., disintegration, hardness, friability, pH, viscosity, volume checks) to confirm compliance with specifications.
- Supported Quality Assurance (QA) activities, including Batch Manufacturing Record (BMR) review, CAPA processes, and basic quality documentation.
- Contributed to deviation handling through root cause analysis using tools such as fishbone (Ishikawa) diagrams, and assisted in reviewing equipment User Requirement Specifications (URS).
- Familiar with raw material warehouse operations and material status control to ensure traceability, as well as assisting in analytical data interpretation to confirm product compliance.

Apotek Sondakan - Surakarta

Jul 2025

Apothecary Internship

- Prepared medication labels and counseling documentation with clear directions for use, providing guidance on dosing, administration, adverse effects, storage, and adherence to support optimal therapy outcomes.
- Conducted stock opname (inventory stocktaking) to reconcile physical inventory with system records and identify discrepancies.
- Participated in pharmacy administrative tasks, including transaction documentation and prescription filing.
- Assisted in procurement planning by monitoring stock levels against minimum stock standards and preparing reorder requests to maintain product availability.

Puskesmas Baki - Surakarta

Jun 2025

Apothecary Internship

- Delivered pharmaceutical services, including patient counseling, PIO, and prescription screening for 100+ patients per day.
- Participated in dispensing activities including medication preparation, labeling, and documentation.
- Learned the workflow of special treatment programs (TB), including medicine distribution and monitoring in primary healthcare settings.
- Participated in community health education activities related to rational medication use, attended 30+ participants.
- Assisted in 100+ medicine procurement and LPLPO preparation.

PT. Tirta Husada Farma - Pati

Jun 2025

Apothecary Internship

- Assisted in inventory monitoring and distribution readiness for pharmaceutical products.
- Participated in customer qualification and order processing, including document verification and coordination with the central PBF.
- Participated in distribution fulfillment activities, including 50+ order picking, packing, verification, and release of goods for delivery.
- Contributed to distribution documentation and invoice administration.
- Coordinated with warehouse and transportation teams to ensure timely product distribution.

PT Enseval Putera Megatrading Tbk - Surakarta

Aug 2024

Internship

- Participated in inventory monitoring for 500+ pharmaceutical products.
- Contributed to administrative and documentation activities, including preparing and organizing invoices.
- Involved in customer qualification activities by assisting with document verification and compliance checks in line with regulatory requirements.
- Applied practical knowledge of pharmaceutical distribution standards to ensure proper handling, storage, and documentation of regulated products.
- Collaborated with cross-functional teams (warehouse, transportation, pharmaceutical products, and consumables) to support efficient product distribution.

Apotek Darussyifa - Surakarta

Feb 2024

Internship

- Provided 30+ patient counseling by delivering clear and accurate information on medication use, dosage, potential side effects, and proper storage to support safe and effective therapy.
- Assisted in pharmacy inventory management, including stock monitoring and expiry date control to ensure appropriate medicine availability.
- Learned to read, verify, and process prescriptions under pharmacist supervision, including screening for completeness, legality, and potential medication-related issues.
- Involved dispensing activities, ensuring accurate medication preparation, labeling, and documentation in accordance with pharmacy practice standards.
