PROFESSIONAL SUMMARY

Apothecary student at Universitas Indonesia with hands-on experience across pharmaceutical manufacturing, distribution, hospital, and community pharmacy settings. Experienced in GMP/CPOB implementation, CAPA, Change Control, documentation systems, and pharmaceutical quality operations through internship exposure in the pharmaceutical industry. Demonstrated leadership, communication, and analytical skills through organizational involvement, laboratory assistantship, and national scientific competitions. Keen to grow professionally in quality, regulatory, and operational domains within the pharmaceutical industry.
