[linkedin.com/in/rafino-irhamni-177966265](https://www.linkedin.com/in/rafino-irhamni-177966265)

Bachelor of Pharmacy and final-year Apothecary Professional Program student (expected April 2026) with strong interest in Quality Management Systems in pharmaceutical manufacturing. Gained GMP (CPOB)-based experience during industrial internship at PT Sanbe Farma, with direct exposure to Batch Manufacturing Record (BMR) review, SOP preparation and revision, Change Control documentation, and production compliance evaluation. Involved in coding machine qualification aligned with BPOM 2D barcode requirements and participated in internal inspection activities. Familiar with deviation handling, CAPA, Quality Risk Management (QRM), and Product Quality Review (PQR) through practitioner-led training. Detail-oriented, analytical, and experienced in cross-functional collaboration within regulated manufacturing environments, with strong proficiency in Microsoft Excel for quality data processing and reporting. Communicative, adaptive, and a high commitment to continuous improvement and quality compliance.
