About Me

Completed the Pharmacy Professional Program at Universitas Sumatera Utara and hold a Bachelor's degree in Pharmacy from the same university. Experienced as a Laboratory Assistant for Non-Sterile Dosage Form Technology I and involved in the 2024 Talenta USU collaborative research program. During my professional pharmacy education, I completed a series of Pharmacist Professional Practice (PKPA) placements in the Quality Assurance division of a pharmaceutical industry, pharmaceutical wholesaler, hospital, community health center, and pharmacy. These experiences developed my skills in implementing GMP and GDP, clinical pharmacy services, pharmaceutical management, communication, and teamwork.
