Depok, West Java | +62 817-9893-963 | astrid.artanti@gmail.com

SUMMARY

Fresh Graduate Pharmacist with strong interest in Analytical Development, experienced in conducting dissolution testing, physical quality evaluation (hardness, friability, disintegration), assay determination. Supported by dedicated training in analytical instrumentation, along with strong knowledge of GMP and data integrity principles. Eager to contribute in a dynamic manufacturing environment as part of Analytical Development team to ensure product quality.

EDUCATION

Pharmacist Professional Program

Universitas Indonesia

Jan 2025 - April 2026

Bachelor of Pharmacy

Universitas Pembangunan Nasional "Veteran" Jakarta

Sep 2020 - Jul 2024

INTERNSHIP EXPERIENCE

Pharmacist Professional Internship (PKPA)

Sep - Oct 2025

PT Guardian Pharmatama – Quality Assurance, Subdepartement Technical Support Service (TSS)

- Supported cleaning validation activities by performing sampling using rinse and swab methods on multiple production machine, ensuring compliance with established validation protocols and Standard Operating Procedures (SOPs).
- Reviewed and compiled cleaning validation reports for 10+ production machine, ensuring compliance with SOPs and data integrity (ALCOA+) principles.
- Conducted document verification for dissolution testing results from stability study samples by reviewing analytical data and ensuring consistency with predefined acceptance criteria specified in finished product specifications and SOPs
- Performed physical quality evaluation of finished product tablet samples used in stability studies, including disintegration, hardness, and friability testing, in accordance with pharmacopeial and internal quality standards.
- Assisted in performing assay determination for finished product, including tablets, capsules, and suspensions, used as samples for stability studies in accordance with validated analytical procedures
- Recorded and documented analytical run-time data for several quality testing parameters, ensuring data traceability.

Pharmacist Professional Internship (PKPA)

Aug 2025

PT Farmasia Inovasi Megatrading

- Monitored imported raw material receiving process and document to ensure compliance with SOPs.
- Assisted monthly inventory reconciliation (stock opname) and preparing inventory reports, ensuring data traceability.
- Compiled pharmaceutical distribution and receiving data for regulatory reporting to BPOM.
- Developed SOP-based training materials and assessment tools (pre-test and post-test) to support internal staff training.
- Contributed to the preparation of CAPA reports for external audits and mock recall reports to support quality compliance.
- Performed weekly warehouse temperature mapping (<25°C) and maintained ALCOA+ integrity in database systems.

TRAINING AND CERTIFICATIONS

Quality Assurance (QA) in Pharmaceutical Industry Training

Apr 2026

Organized by Makin Ahli

Participated in a one-day training focused on GMP-based QA systems in pharmaceutical industry, including documentation in change control, product quality review (PQR), complaint handling, and product recall management.

Analytical Instrumentation Training – HPLC, UV-Vis Spectrophotometry, FTIR

Aug 2024

Organized by PT Ditek Jaya

Participated in a one-day training focused on the fundamental principles, operational concepts, and basic instrumentation of High Performance Liquid Chromatography (HPLC), UV-Vis spectrophotometry, and Fourier Transform Infrared (FTIR), including an overview of their analytical mechanisms and interpretation of results in pharmaceutical analysis.

ORGANIZATIONAL EXPERIENCE

Himpunan Mahasiswa Farmasi (HIMAFAR) FK UPN "Veteran" Jakarta

Jan 2023 - Jan 2024

Staff of Media Communication and Information

- Managed and created digital content for organizational communication and information dissemination.
- Assisted in managing social media platforms and designing visual materials for events and announcements.
- Supported internal and external communication activities within the organization.

SKILLS

Technical Skills : GMP Compliance, Analytical Method Development & Validation, Analytical Result Data Review, Data Integrity (ALCOA+), Document Control

Soft Skills : Attention to Detail, Effective Communication, Team Collaboration
