ABOUT ME

I am a highly motivated and adaptable professional with a strong foundation in pharmaceutical services, operations, and customer engagement. With experience in both healthcare and organizational settings, I bring a well-rounded skill set that includes inventory management, team collaboration and problem-solving. I thrive in dynamic environments, consistently delivering results through effective communication, attention to detail, and a commitment to continuous learning. Passionate about contributing to meaningful work, I aim to grow within roles that value efficiency, quality, and teamwork.

WORK EXPERIENCE

Apothecary Nov 2024 - Now

Klinik GWS Medika | South Jakarta

At Klinik GWS Medika, I combine pharmaceutical expertise with a range of operational responsibilities to support both patient care and clinic efficiency. My role involves accurately dispensing medications, providing clear guidance to patients on proper self-medication, and working closely with doctors to ensure treatment plans are both safe and effective. In addition to these tasks, I also manage the clinic's drug inventory, ensuring availability and compliance with storage standards. I actively support day-to-day clinic operations, which reflects my commitment to delivering high-quality patient care while maintaining smooth and reliable service delivery.

Apothecary Aug 2022 - Oct 2024

Lifepack | South Jakarta

As a highly skilled professional, I am responsible for a wide range of tasks including drug dispensing and pharmaceutical care to ensure optimal patient outcomes. I manage drug inventory control, overseeing both the inbound and outbound movement of pharmaceuticals to maintain accurate stock levels. My role also encompasses managerial duties, where I leverage my organizational and leadership skills to streamline operations. Additionally, I help utilize company social media content by being a talent to create engaging, informative, and educative materials that effectively promote our services and products, enhancing our brand presence and customer engagement.

Apothecary Mar 2021 - Oct 2021

RS Premier Jatinegara | East Jakarta

In my role, I am responsible for several critical tasks, including dispensing medications accurately to patients and providing comprehensive pharmaceutical care. I conduct regular patient visits to monitor health and medication adherence. I participate in clinical pharmacy activities, scientifically analyzing valid information on the safe, appropriate, and cost-effective use of medications. Additionally, I meticulously report and manage narcotic and psychotropic drugs to comply with regulatory requirements. I also help in drug inbound and outbound processes, especially for various of vaccines and injections.

Pharmacist Assistant (Part time) Apr 2019 - Sept 2019

Aptek Afiah Farma | Makassar

I accurately dispense medications based on prescriptions, ensuring patients receive the correct dosages and instructions. I help patients by assessing their conditions and advising them on their medication options. Additionally, I manage the storage of pharmaceuticals, keeping inventory organized and ensuring all medications are stored properly. My responsibilities also include maintaining records and complying with safety standards and regulations to provide high-quality care and support to patients.
