

DEWANGGITA PRINCESSIA BRAHMASTA

Pharmacist - Fresh Graduate

Surakarta | anggiprincessia@gmail.com | +62 812-6170-4010 | linkedin.com/in/dewanggita

SUMMARY

A Fresh graduate and licensed pharmacist (apothecary) from Universitas Sebelas Maret with a strong interest in pharmaceutical manufacturing, quality assurance, and regulatory compliance, supported by hands-on exposure to GMP/CPOB-compliant environments, including quality assurance activities, batch record review, and documentation practices. Complemented by rotational experience across hospital, community pharmacy, and primary healthcare settings, with demonstrated communication, teamwork, and problem-solving skills built through academic, organizational, and professional training experiences. Highly motivated, compliance-driven, and committed to continuous improvement, with a strong focus on ensuring product quality, patient safety, and operational excellence within the pharmaceutical industry.

EDUCATION

Universitas Sebelas Maret | Surakarta, Indonesia

Aug 2025 – Aug 2026

Apothecary Program, GPA: 3.79/4.00

Completed clinical and industrial rotations across pharmaceutical manufacturing, hospital, community pharmacy, and primary healthcare sectors. Gained hands-on experience in CPOB compliance, clinical pharmacy, supply chain management, and regulatory affairs.

Universitas Sebelas Maret | Surakarta, Indonesia

Aug 2021 – Aug 2025

Bachelor of Pharmacy, GPA: 3.64/4.00

Final project : Antihypertensive Effectiveness in Hypertension Crisis Cases at Universitas Sebelas Maret Hospital

WORKING EXPERIENCE

PT. Bangkit Anugerah Bersama | Surakarta, Indonesia

May 2026

Supply Chain Internship

- Managed, sorted, and systematically archived monthly sales and purchase invoices, including tracking and reconciling invoice return dates to ensure administrative accuracy and GDP (Good Distribution Practice) compliance.
- Inspected and verified physical products (quantity, item name, dosage form, batch number, and expiration date) against incoming invoice documentation, and processed receiving administration.
- Evaluated physical inventory stock against the PBF computer system and accurately recorded incoming stock movements.
- Picked and prepared pharmaceutical products based on purchase invoices, strictly applying FIFO and FEFO rules for inventory control.
- Conducted thorough invoice screening and learned operational workflows in procurement, planning, customer complaint handling, and pharmaceutical distribution under BPOM regulations and GDP guidelines.

PT. Ethica Industri Farmasi | Cikarang, Indonesia

Jan – Feb 2026

Production Internship

- Digitalized Overall Equipment Effectiveness (OEE) tracking via Google Form and integrated spreadsheet/Looker Studio dashboard (including MTTR & MTBF), and presented findings to operators and management
- Conducted visual inspector qualification (Knapp test, Probability of Detection, blackspot inspection) to validate particle detection accuracy on ampoules
- Performed packaging material and product reconciliation based on Batch Records to ensure production traceability
- Participated in documentation and destruction of Narcotic-Psychotropic-Precursor (NPP) waste per regulatory procedure, including BPOM audit support
- Completed cross-departmental plant tours and inductions (QA, QC, Engineering, R&D, Validation, PPIC) to gain end-to-end understanding of sterile drug manufacturing

PT. Gujati 59 Utama | Sukoharjo, Indonesia

Sept – Oct 2025

Quality Control and RnD Internship

- Conducted preformulation studies, competitor product analysis, sample weighing, and capsule filling.

- Managed raw/packaging material receiving, FIFO/FEFO-based storage, batch numbering, labeling, and stock opname reconciliation.
- Studied PPIC production scheduling, inventory control, product returns, disposal procedures, temperature monitoring, and pest control management.
- Performed physical/organoleptic In-Process Control (IPC) testing on raw materials, packaging materials (text, batch number, BPOM barcode), and bulk products.
- Executed finished product testing (weight variation, packaging leak tests, Released QC) and microbiological assays (Total Plate Count, Yeast/Mold Count, and purified water testing).
- Evaluated compliance with 12 CPOTB (GMP for Traditional Medicine) aspects, reviewed Batch Production Records (BPR), and studied batch release procedures.
- Learned operational workflows for customer complaint handling, change control management, and product recall procedures.

PT. Rumah Atsiri Indonesia | Karanganyar, Indonesia
July – August 2023

Production Internship

- Production Department: Assisted in operational production activities including mixing, filling, and packaging processes within the manufacturing facility in compliance with Good Manufacturing Practice (GMP) standards.
- PPIC Department: Assisted in production scheduling and managed raw material and finished goods inventory to support smooth manufacturing operations.
- QC Department: Supported sample preparation, laboratory testing procedures, and documentation of analytical results in compliance with established standards.

Laboratory Pharmaceutical Assistant | Surakarta, Indonesia
Sept – Dec 2024

Teaching Laboratory Assistant

- Facilitated and mentored undergraduate Pharmacy students in practical laboratory learning during Human Anatomy and Physiology sessions, focusing on fundamental anatomical and physiological concepts relevant to pharmaceutical practice.

PROJECTS AND ACHIEVEMENTS

Hair Growth Spray Tonic Formulation from Capsicum frutescens L. and Persea americana Mill.
2024

Extracts (PKM-RE) | Surakarta, Indonesia

Project Lead, Universitas Sebelas Maret

- Led a research team in formulating and developing a hair growth tonic spray utilizing bioactive compounds from Capsicum frutescens L. (cayenne pepper) and Persea americana Mill. (avocado) extracts
- Designed the extraction, formulation, and stability testing protocol as part of the Program Kreativitas Mahasiswa - Riset Eksakta (PKM-RE), a national student research grant scheme funded by the Ministry of Education
- Presented research findings at Pekan Ilmiah Mahasiswa (Student Scientific Week), Universitas Sebelas Maret 2024

Awarded as a Graduate with Honors of Bachelor of Pharmacy
2025

Selected as a recipient of an award as a graduate with honors (Cum Laude) at the bachelor's level.

ORGANIZATIONAL EXPERIENCE

UNS Pharmacy Student Association | Surakarta, Indonesia
2023 – 2024

Staff of Student Resource Development Division

- Appointed as Chairperson of the annual recruitment and cadre development program for incoming members of the Pharmacy Student Association, Universitas Sebelas Maret.
- Coordinated the end-to-end recruitment process, including candidate screening, interview sessions, and cadre training modules, to prepare new members for organizational roles within the association.
- Led a committee team in designing the recruitment curriculum and evaluation criteria to ensure incoming members were equipped with leadership and organizational competencies.

PROFESSIONAL SKILLS

Core competencies	: Pharmaceutical Manufacturing, Pharmaceutical Analytical, Supply Chain Management, Regulatory Affairs
Technical Skills	: Ms. Office (Microsoft Word, Excel, PowerPoint), Canva
Soft Skills	: Teamwork, Problem Solving, Communication, Time Management, Responsibility
Languages	: Indonesian (Native Proficiency), English (Professional Working Proficiency)
