

ANISA RAKHMANIA SALAM

anisarakhmaa@gmail.com | +62 85924102551 | Depok, Jawa Barat, 16416

I am a licensed Pharmacist and a Bachelor of Pharmacy graduate from Airlangga University with a strong interest in Analytical Development. My academic background has equipped me with a solid understanding of analytical methods, validation processes, and laboratory documentation aligned with pharmaceutical standards. I am eager to contribute to developing and validating analytical methods, ensuring accurate data reporting, and supporting interdepartmental method transfer. With high attention to detail and adaptability in a dynamic work environment, I am motivated to grow and contribute effectively to your team.

EDUCATION

Apothecary Professional Program at the Faculty of Pharmacy, Airlangga University 2024 – 2025

- GPA: 3,64/4,00

Bachelor of Pharmacy in Airlangga University 2020 – 2024

- GPA: 3,41/4.00
- Graduated on time within 4 years with final project titled “Experience of Using Self-Medication Telepharmacy by Pharmacy Visitors in Several Pharmacies in Surabaya”
- Actively participate in activities inside and outside the faculty, for example participating in competitions and event committee.
- Related Course: Drug Delivery Design and Technology, Physical Pharmacy, Analytical Chemistry, Pharmaceutical Manufacture, Pharmacy Management, Pharmaceutical Analyst, Communication and Self Development, and Logic and Critical Thinking.

EXPERIENCES

Pharmaceutical Administrator in PT Sarwa Manggalla Raya – Jakarta, Indonesia Nov 2025 – Present

- Monitored and maintained master data integrity for central and branch customers, ensuring all distribution activities align with legal licensing and CDOB (Good Distribution Practice) standards.
- Managed complete documentation of customer and vendor licensing, conducting periodic updates to ensure all partners meet legal distribution requirements.
- Ensured operational accuracy by monitoring that all measurement instruments, such as hygrometers and thermometers, are calibrated and have not expired.
- Streamlined distribution record-keeping by managing the systematic archiving and documentation of essential supply chain records, including Purchase Orders and Invoices.
- Demonstrated regulatory readiness through direct exposure to BPOM audit processes and the review of Standard Operating Procedures (SOP/POB) to ensure daily compliance.

Pharmacy Internship in PT Bayer Indonesia – Depok, Indonesia Mar – May 2025

RnD Analytical Support

- Assisted in analytical method validation by preparing standard and stock solutions in compliance with validation protocols.
- Learned the functions and applications of various analytical instruments such as HPLC, UV-Vis spectrophotometer, and GC to assess method performance parameters including accuracy, precision, robustness, linearity, and limit of detection (LOD).
- Calibrated measuring instruments (e.g., analytical balance) prior to use and documented results according to laboratory work records.
- Conducted cleaning validation using swab methods to ensure equipment cleanliness and compliance with regulatory standards.
- Organized and maintained analytical method documentation to support data traceability.
- Prepared and handled 100+ microbiological media plates per day (e.g., TSA, TAB, MCB, SDA, CA) in the microbiology laboratory, including weighing, dissolving, sterilization via autoclave, and aseptic pouring under a laminar air flow cabinet.

Pharmacy Internship in PT. Parit Padang Global – Surabaya, Indonesia Dec 2024

- Observed and participated in the drug distribution process according to CDOB (Good Distribution Practice).
- Verified and reconciled 50+ invoices with purchase orders daily, maintaining high accuracy in documentation and preventing distribution errors.
- Assisted in documentation of incoming and outgoing goods, batch tracking, and stock management.

- Supported warehouse operations by monitoring room temperature, managing cold chain products, and ensuring full audit readiness.

Pharmacy Internship in Airlangga University Hospital – Surabaya, Indonesia Jan – Feb 2025

- Provided outpatient pharmacy services for 100+ patients daily, including dispensing, documentation, and patient counseling under pharmacist supervision.
- Prepared 50+ unit-dose medications for inpatients per day, ensuring accurate packing and labeling according to administration schedules.
- Participated in ward rounds with the medical team, contributing to drug therapy monitoring and reviewing prescriptions for accuracy, potential interactions, and dosage appropriateness.
- Observed and documented sterile compounding and cytotoxic preparation, ensuring compliance with aseptic and safety standards.
- Supported pharmaceutical goods receiving by verifying delivery documents and organizing storage based on stability, dosage form, alphabetical order, and FEFO/FIFO.

Pharmacy Internship in Peneleh Community Health Center – Surabaya, Indonesia Nov 2024

- Provided outpatient pharmacy services for 50+ patients daily, including dispensing, documentation, and patient counseling under pharmacist supervision.
- Gained knowledge of and assisted in managing government program medicines, such as Anti-Tuberculosis Drugs (OAT) and Antiretroviral Drugs (ARV).
- Learned and applied the management of pharmaceutical preparations, including planning, procurement, receipt, distribution, storage, inventory control, documentation, reporting, and disposal.

Pharmacy Internship in K-24 Jojoran Pharmacist – Surabaya, Indonesia Sep - Nov 2024

- Provided 50+ daily prescription and self-medication, including dispensing, documentation, and patient counseling under pharmacist supervision.
- Conducted health promotion for visitors with the topic “*Pharyngitis and Its Treatment*” to improve patient awareness and support rational drug use.
- Learned and applied the management of pharmaceutical preparations, including planning, procurement, receipt, distribution, storage, inventory control, documentation, reporting, and disposal.

Pharmacist Oath Period 116 – Airlangga University, Surabaya Sep 2023

- Responsible for escorting VIP guests to their designated seats.
- Greet VIP guests politely, provide necessary information, and handle their special needs or requests responsively.

KKN BBK 2 Airlangga University June - Aug 2023

Treasure of KKN Group

- Organizing all group expenses and income during the BBK 2 KKN activities.
- Preparing activity reports and conducting evaluations for each work program.

Kredensial Mikro Mahasiswa Indonesia (KMMI) Aug – Oct 2021

Participants in Traditional Medicine Formulation Courses

- Understanding the basic principles of traditional medicine, including the history of its use, the different types of ingredients, and how they work.
- Discuss with group mates from other universities on various aspects of traditional medicine to gain a broader perspective on the topic.
