SUMMARY

I am an Accounting student with a strong interest in finance, taxation, and financial analysis. My experiences as an intern in reputable companies and an active participant in national competitions have equipped me with solid skills in accounting, financial reporting, and cost analysis. I am proficient in using Microsoft Excel and Word for data processing and professional documentation, and I excel in team management, business administration, and public communication. With a passion for continuous learning and delivering value-driven solutions.

EDUCATION

Universitas Negeri Jakarta

August 2022 - Now

Bachelor of Accounting — GPA: 3.96

PROFESSIONAL EXPERIENCES

PT Krama Yudha Tiga Berlian Motors (KTB) – Jakarta, Indonesia

July 2025 – January 2026

After Sales Business Intern

- Combine and send journal voucher files, receipts, and tax invoices to the Accounting department for administrative processes and transaction recording, handling approximately 50–70 documents per week.
- Receive, record, and distribute documents from dealers or vendors to the department, ensuring efficient categorization of around 20–30 documents per day.
- Prepare, process, and manage receipts for interest and deposit B to be sent to the Accounting department to ensure data accuracy, handling around 10–15 receipts weekly.
- Utilized SAP to input and maintain dealer NPWP, prepare journal vouchers, and record transaction journal entries, ensuring accurate and timely financial data processing.

PT Bakrie Autoparts – Bekasi, Indonesia

February 2025 – June 2025

Accounting and Finance Intern

- Performed weekly reconciliation of company transaction balances, verifying approximately 150 transactions per week between BNI Bank statements and the internal financial system to ensure data accuracy.
- Reviewed and matched over 1000+ payment voucher documents during the internship period to maintain accurate financial records and transparent transaction tracking.
- Calculated and recorded around 100 spare part prices to support accurate and detailed production cost analysis.
- Processed and compiled more than 150 account payable (AP) journal vouchers for accounting entries using the company's internal system.
- Verified the consistency of data between approximately 100 sales dispatch documents and finance reports each month, including customer names, delivery dates, and delivery order numbers.

PT Innolab Sains Internasional (Kalbe Group) – Jakarta, Indonesia

July 2024 – December 2024

Accounting and Finance Intern

- Calculated and processed monthly incentives for approximately 80 Laboratory Assistants (LAs) and 10 pathologists, based on performance and company policies during my internship.
- Prepared and updated weekly Account Receivable (AR) reports for over 30 merchants to monitor trade receivables and payment progress every month.
- Managed and analyzed monthly HR costs for around 100 employees, providing insights for labor cost calculation and efficiency improvement.
- Utilized SAP to input client transaction journals, prepare journal vouchers, and record fixed asset journal entries, while supporting financial reporting through Anaplan to ensure accurate and timely financial data processing.
- Calculated and recorded depreciation for more than 10 fixed assets monthly, following company policies and asset lifespans.

ORGANIZATIONAL EXPERIENCES

bluAmbassador 2024 (blu by BCA Digital Ambassador) – Jakarta, Indonesia July 2023 – November 2024

Campus Ambassador

- Successfully encouraged ±10 new users to register and complete at least one transaction using the blu by BCA Digital app during the campaign period.
- Produced over 15 creative social media content pieces (posts & reels) designed to enhance brand awareness and app engagement among university students.
- Monitored and reported campaign performance, resulting in a 20% increase in user registration and activity directly attributed to content-driven promotions.

MonsoonSIM Community UNJ - Rawamangun

October 2023 – July 2024

Head of Training Department

- Designed and developed training programs using the MonsoonSIM platform, covering 12 business concepts and attended by approximately 70 students from the 2022 and 2023 cohorts of the Faculty of Economics, UNJ.
- Supervised the implementation of 8 training sessions per month, ensuring each session met standards of effectiveness and participant engagement, with a goal of achieving 85% member comprehension.
- Conducted training for 5 trainers to ensure consistent and high-quality material delivery across all sessions, targeting 90% participant satisfaction.

TRACE (Training Center of Economic), FEB UNJ - Rawamangun

April 2023 – May 2024

Public Relations Staff

- Created approximately 40 copies and broadcast message templates for various TRACE group communication needs.
- Drafted and reviewed proposals for multiple TRACE events and activities.
- Developed around 90 Instagram captions for both posts and video content (reels) to support the organization's social media presence.
- Collaborated on sponsorship initiatives with major brands such as Kopi Kenangan, Antangin, LocknLock, TOP Coffee, and Scotch Brite.
