Tangerang, Banten

An apothecary student at Universitas Padjadjaran who has experience with campus organization, project, and laboratory assistant. My interests in pharmaceutical are especially related to the pharmaceutical research and practicing clinical pharmacy.

Education Level

Universitas Padjadjaran – Jatinangor, Jawa Barat

Aug 2025 – Aug 2026

Pharmacist Professional Program (GPA 3.83/4.00)

- Relevant coursework
Quality control, quality assurance, research and development, clinical pharmacist practitioner

Universitas Padjadjaran – Jatinangor, Jawa Barat

Aug 2021 – Jun 2025

Bachelor of Pharmacy (GPA 3.47/4.00)

- Research
The Impact of Isobavachalcone Encapsulation into Mesoporous Silica on the Inhibitory Activity of Alpha-glucosidase Enzyme

Experiences

PT Sterling Products Indonesia (Haleon)

Mar 2026 – Apr 2026

Pulogadung, Jakarta

Internship — Liquid Value Stream Staff

- Conducted a gap assessment between Haleon Quality System (HQS) packaging and labelling operations, HQS reprocessing and rework, HQS gowning and their implementations at the Haleon Pulogadung site
- Conducted a gap assessment between Line clearance checklist and FMEA and their implementation at the Haleon Pulogadung site
- Conducted training on Standard Operating Procedures (SOP) that are in pending effective status
- Analyzed Root Cause Analysis (RCA) report and created the training presentation for correcting personnel's wrong behavior in production line.

Bandung Adventist Hospital

Jan 2026 – Feb 2026

Cihampelas, Bandung

Internship — Pharmacist Assistant

- Performed routine and chemotherapy medication dispensing in line with standard operating procedures, with a strong emphasis on patient safety and precise dosing.

Research Projects
Faculty of Pharmacy, Universitas Padjadjaran

Jul 2024 – Dec 2024

Internship — Research Assistant

- Project entitled "Effective Drug Delivery System for Treatment of Type 2 Diabetes: Encapsulation of Isobavachalcone into Mesoporous Silica". Work on sample encapsulation and conduct several tests, including DSC testing of Alpha Mangostin and Isobavachalcone, loading efficiency test of Isobavachalcone, an amorphous solubility test of Isobavachalcone, a dissolution test, a physical stability test of Isobavachalcone, and inhibitory activity test of Alpha-glucosidase and DPP-IV enzyme.

Validation of Analytical Method Laboratory at
Faculty of Pharmacy, Universitas Padjadjaran

Aug 2024 – Dec 2024

Laboratory Assistant

- Assist lecturers in providing information related to teaching material modules, provide guidance regarding procedures carried out during practicum, prepare practicum tools, give the reference documents and guidelines regarding validation of analytical method that common in R&D pharmaceutical laboratory.

Laboratory Assistant

- Assist lecturers in providing information related to teaching material modules, provide guidance regarding procedures carried out during practicum, prepare practicum tools and salt compound for ionic identification.

Projects

- Program Kreativitas Mahasiswa 2024: Formulation of Calcium-Protein Capsule Supplements for Stunting Toddlers by Utilizing Leftover Milkfish Bones Production (*pass funding*)
- Community Service (KKN) 2024: Automatic Pump for Irrigation of Rice Fields at the Edge of the Cimanuk Stream in Desa Karyamukti, Kecamatan Tomo, Kabupaten Sumedang

Certificates

- Participant of The 14th Summer Research Program in University of Tsukuba July 5th to 19th, 2024
- 1st Winner of Best Poster Unpad Innovators Award at BRIN Goes to Campus: Unpad Creators & Innovators Expo 2024

- 2nd Winner of The Essay Competition ERYTHROCYTE VIII 2021 — Find Positivity against the Routinity, Faculty of Biotechnology Universitas Katolik Indonesia Atmajaya
- 4th Winner of The National Science Olympiad District Level in Astronomy — Kota Tangerang (2019)

Organizational Experience

Department of Academic and Prestation

BEM KEMAFAR UNPAD

Head Department

Jan 2024 – Jan 2025

Staff

Jan 2022 – Jan 2023

- Informing about academic events and competitions in the field of pharmacy through various BEM KEMAFAR's official social media and updated regularly.
- Managing administration for internships with the dean's office.

PHARMACOPEIA

BEM KEMAFAR UNPAD

Project Officer

May 2023 – Dec 2023

Project Supervisor

Mar 2022 – Nov 2022

- Pharmacopeia is an annual series of events organized by the Faculty of Pharmacy, Universitas Padjadjaran as a contribution to enhance public knowledge on current issues in the field of pharmacy. As the project officer, I have to ensure that the work between one division and another is done well and prepare thoroughly before the event day. As the project supervisor, I have to ensure that the coordination between the committee and Student Executive Board runs smoothly until the day of the event.

Skills & Other Experience

- Skill (2025): English Language Test Score 560 by Central Course.
- Hard Skills: Microsoft Word, Microsoft Excel, Microsoft PowerPoint, Canva, Adobe Primere Pro.
- Project (2022): Komisi Pemilihan Umum, Faculty of Pharmacy Universitas Padjadjaran, as Registration staff.
- Project (2022): Pengabdian Masyarakat, Faculty of Pharmacy Universitas Padjadjaran, as Event staff.
- Project (2022): Future Your Pharmacist, Faculty of Pharmacy Universitas Padjadjaran, as Public Relation staff.
- Project (2021): Project of Action Quinapril, Faculty of Pharmacy Universitas Padjadjaran, as Public Relation staff.
