Perumahan Villa Nusa Indah 5, Blok SF5/30, Ciangsana, Kab. Bogor, Jawa Barat

Apothecary graduate from Institut Teknologi Bandung with internship experience in the pharmaceutical industry and laboratory research. Interested in analytical development and experienced in laboratory documentation, data evaluation, and systematic research activities. Detail-oriented, analytical, and able to work in accordance with laboratory procedures and GMP (CPOB).

Education Level

Institut Teknologi Sumatera - Lampung Selatan

Aug 2020 - Jul 2024

Bachelor of Pharmacy, 3.71/4.00

- Laboratory Assistant
- Research Assistant
- Himpunan Farmasi ITERA (Data and Information Staff)

Institut Teknologi Bandung - Bandung

Feb 2025 - Apr 2026

Professional degree Apothecary, 3.89/4.00

- Completed professional pharmacy practice (PKPA) across clinical, community, and pharmaceutical industry settings

Work Experiences

Rumah Sakit Advent - Bandung

Sep 2025 - Oct 2025

Clinical Pharmacy Intern

- Delivered health promotion and patient education sessions as a presenter, focusing on proper medication use.
- Performed clinical drug therapy monitoring for 3 patients, contributing to therapy evaluation and optimization.
- Gained knowledge of hospital procurement and pharmaceutical supply management processes.

PT Teknologi Medika Pratama - Depok

Aug 2025

Pharmacy Intern

- Performed cycle count on 50+ SKUs to ensure inventory accuracy and data integrity
- Verified documentation in accordance with Good Distribution Practices (GDP)
- Supported documentation review for incoming and returned products

Apotek Medika Antapani - Bandung

Jul 2025

Clinical Pharmacy Intern

- Conducted self-medication consultations by assessing patients' symptoms and recommending appropriate over-the-counter medications
- Provided comprehensive drug information services, including indications, dosage, side effects, and potential drug interactions
- Delivered patient counseling to ensure safe and effective medication use
- Developed a feasibility study for a new pharmacy establishment, including market analysis and financial evaluation such as capital estimation and cost projection

Dinas Kesehatan Provinsi Jawa Barat - Bandung

May 2025

Pharmacy Intern

- Participated in the development of Corrective Action and Preventive Action (CAPA) based on inspection findings from BBPOM Bandung
- Supported evaluation of findings and contributed to improvement plans to ensure compliance
- Learned cold chain product (CCP) handling and pharmaceutical supply management
- Ensured proper documentation and compliance with pharmaceutical service standards

PT Marin Liza (Lucas group) - Bandung

Apr 2025

Production Intern

- Supported production process monitoring and documentation in accordance with GMP (CPOB) procedures
- Prepared temperature trend analysis reports to support process evaluation and monitoring
- Participated in facility inspections and process evaluation activities
- Analyzed process data (cycle time) to support operational evaluation and continuous improvement initiatives
- Learned change control workflow and documentation practices within pharmaceutical quality systems

BRIN - Collaboration with ITERA - Cibinong

Feb 2023 - Apr 2024

Research Assistant

- Supported research and development of natural compound-based pharmaceutical candidates through experimental planning and data evaluation
- Conducted in silico analysis (bioinformatics and molecular docking) to support compound selection and evaluation

- Assisted extraction, fractionation, and preliminary characterization processes using laboratory methods
- Performed cell culture and cytotoxicity testing (MTT assay) to evaluate compound activity
- Prepared systematic research documentation and experimental reports to support data evaluation and traceability

Institut Teknologi Sumatera - Lampung Selatan

Sep 2023 - Dec 2023

Pharmaceutical Instrumental Analysis Laboratory Assistant

- Assisted in laboratory sessions involving analytical instruments such as UV-Vis, FTIR, AAS, GC, and HPLC
- Demonstrated the basic operation of analytical instruments and laboratory techniques
- Supported data recording and basic interpretation of analytical results
- Ensured proper use of instruments and compliance with laboratory safety procedures

Institut Teknologi Sumatera - Lampung Selatan

Feb 2023 - Jun 2023

Organic Chemistry of Pharmacy Laboratory Assistant

- Assisted in laboratory practical sessions and guided students in conducting organic chemistry experiments
- Demonstrated basic laboratory techniques, including synthesis and purification methods
- Supported sample preparation, observation, and documentation of experimental results
- Ensured proper chemical handling and adherence to laboratory safety procedures

Organisational Experience

Himpunan Mahasiswa Farmasi ITERA - Lampung Selatan

Feb 2022 - Feb 2023

Data and Information Staff

- Managed and maintained documentation related to HIMAFAs information.
- Designed and developed a website to centrally store organizational information and enable public access.

Skills, Achievements & Other Experience

- **Soft Skills:** Analytical Thinking, Attention to Detail, Problem-Solving, Communication, Teamwork, Time Management, Adaptability, Data Interpretation, Proactive Learning
- **Hard Skills:** GMP (CPOB), GLP, Laboratory Documentation, Data Analysis, Literature Study, Data Processing, Microsoft Office
