Summary

Professional Pharmacist Program graduate from Universitas Padjadjaran with foundational experience in GMP compliance, quality documentation and quality trend analysis, built during an internship at PT Fresenius Kabi Combiphar. Involved in SOP/QC documentation, Product Quality Review (PQR) data analysis using Minitab, and a compliance gap analysis identifying risk areas between local and Global SOPs. Author and co-author of international peer-reviewed publications in the MDPI journals *Molecules* and *Biosensors*. Detail-oriented, with strong technical documentation and analytical skills, and eager to grow within structured GMP quality systems.
