PROFESSIONAL PROFILE

Licensed Pharmacist with hands-on laboratory experience in analytical testing, quality assurance, and pharmaceutical manufacturing compliance, gained through QA internship at a herbal medicine manufacturer (PT Balatif) and pharmaceutical distribution (PBF Kimia Farma). Skilled in analytical instrumentation (HPLC, UV-Vis, GC), GMP/CPOB/CPOTB, GDP, IPC, OOS investigation, CAPA, and equipment calibration/qualification (IQ/OQ/PQ). Brings strong attention to detail, integrity, and a collaborative mindset to help ensure product quality and regulatory compliance in a GMP-regulated laboratory environment, with readiness for shift-based work.

EDUCATION

Bachelor of Pharmacy (S1 Farmasi) | Universitas Airlangga, Surabaya **2021 – 2025**

GPA: 3.08 / 4.00

Two peer-reviewed scientific publications in pharmaceutical and clinical pharmacy fields

Pharmacist Professional Education (PSPA) | Universitas Airlangga, Surabaya **2025 – 2026**

GPA: 3.47 / 4.00

Rotations across ICU, hospital inpatient/outpatient, emergency, surgical, community pharmacy, primary healthcare, distribution, and industry

PRACTICAL EXPERIENCE & INTERNSHIP

Quality Assurance Internship | *Traditional & Herbal Medicine Industry* — PT Balatif, Malang **2026**

- Conducted equipment qualification (IQ/OQ/PQ) for wet granulation, mixing, and extraction machinery used in formulation and manufacturing processes
- Prepared process and analytical method validation documents for quasi-drug, traditional medicine, health supplement, and toll-manufacturing products in accordance with CPOTB/GMP
- Compiled Product Quality Review (PQR) reports across multiple product lines
- Performed thermocontrol calibration and prepared calibration reports

Pharmaceutical Distribution Internship | PBF Kimia Farma Trade & Distribution, Surabaya **2025**

- Executed delivery process validation for temperature-sensitive products (cold chain management)
- Applied CDOB (Good Distribution Practice) principles in the distribution of medicines and vaccines
- Studied field-based case scenarios and CAPA decision-making processes

Hospital Pharmacy Internship | RS Universitas Airlangga, Surabaya **2024**

- Prepared medications using One Daily Dose (ODD), Unit Dose Dispensing (UDD), and floor-stock systems
- Performed intensive pharmacotherapy monitoring for critically ill patients; analyzed drug interactions in complex ICU regimens

Hospital Pharmacy Internship | RSUD Haji Jawa Timur, Surabaya **2025**

- Covered inpatient, outpatient, emergency, surgical, and pharmacy logistics depot rotations
- Conducted prescription screening, including drug interaction and contraindication checks; completed four evidence-based clinical case studies

Community Pharmacy Internship | Apotek K-24 Pasar Pakis, Surabaya **2026**

- Provided prescription and OTC medication services, including patient counseling for safe and effective drug use
- Organized public health promotion activities on diarrheal disease management

Primary Healthcare Pharmacy Internship | Puskesmas Jeruk, Surabaya 2026

- Dispensed prescription medications and educated patients on proper drug use
- Managed pharmaceutical inventory, including drug planning, procurement, and stock control

SCIENTIFIC PUBLICATIONS

Profile of Antihypertensive Drug Use in Hypertensive Patients at Primary Healthcare Centers in Bangkalan Region. Faculty of Pharmacy, Universitas Airlangga. Alfathoni, Z.H. (2025).

Relationship Between Parental Knowledge Level and Adherence to Anthelmintic Administration in Children in Surabaya. Jurnal Farmasi Komunitas, 11(2), 189–196. Maldini, C.A., et al. including Al Fathoni, Z.H. (2024).

COMPETENCIES & SKILLS RELEVANT TO R&D ANDEV ANALYST

- Analytical & Laboratory Skills: GLP-trained; hands-on experience operating HPLC and GC, plus UV-Vis spectrophotometry, for analytical/process method validation and lab-based testing
- GMP / CPOB / CPOTB: practical QA experience and understanding of documentation systems in pharmaceutical and herbal-medicine manufacturing
- Validation & Qualification: process validation, analytical method validation, and equipment qualification (IQ/OQ/PQ) reports
- Formulation-adjacent process equipment: hands-on IQ/OQ/PQ experience on wet granulation, mixing, and extraction machinery
- Documentation & Compliance: calibration reporting, PQR compilation, CAPA workflows, and GDocP-aligned recordkeeping
- Quality Risk Management: familiar with risk-based quality approaches (ICH Q9)
- Tools: Microsoft Word, Excel, and PowerPoint for documentation, data reporting, and presentations
- Soft skills: meticulous attention to detail, analytical problem-solving, proactive and adaptive working style, and effective coordination within multidisciplinary teams

Languages: Bahasa Indonesia (native); English — Upper-Intermediate (ELPT score 457), proficient in reading regulatory texts, scientific literature, and technical documentation.

TRAINING & PROFESSIONAL DEVELOPMENT

- Good Laboratory Practice (GLP) Training
- Pharmacist Lab: Mental Resilience for Future Pharmacists
- Industry & regulatory site visits: PT Kalbe Farma, PT Kimia Farma Pulogadung, PT Kimia Farma Sungwun, PT Swipe Rx, BPOM, Kemenkes, RS MRCCC Siloam, RS Persahabatan, Pusat Jantung dan Pembuluh Darah Nasional Harapan Kita

ORGANIZATIONAL & LEADERSHIP EXPERIENCE

Head of Department — Division of Islamic Spirituality (DKI) | *Muslim Society Center, Faculty of Pharmacy, Universitas Airlangga* 2023 – 2024

Led and managed departmental activities and campus spiritual programs

Team Leader — Community Service Program (BBK 4) | *Universitas Airlangga, Desa Kambingan, Gresik* 2024

Directed a community-based public service project in a rural village setting

Committee Member & Organizer — Faculty Activities | *Universitas Airlangga* 2021 – 2023

Served in multiple roles: Public Relations (UKMSR), Publication & Documentation (PPKWI ISMAFARSI), Social Project Material Division, Artistic Division (Farmapos), Logistics (Dies Natalis), Transportation (KOFEin National Pharmacy Competition), Public Relations Coordinator (Tabligh Akbar)
