Surakarta, Jawa Tengah, Indonesia

EXECUTIVE SUMMARY

A highly motivated, disciplined, and detail-oriented fresh graduate Licensed Pharmacist from Universitas Sebelas Maret, with strong communication and interpersonal skills. Passionate about analytical thinking, quick learning, problem-solving, teamwork skills, and able to work under pressure, with proven track record of leadership and collaboration in organizational and research group. Drawing on my experience as a warehouse intern with hands-on use of Microsoft Office and ERP system (Oracle) for inventory control, I have developed a strong understanding of GMP/CPOB principles, documentation systems, and traceability requirements, including experience in product serialization activities. I also gained exposure to inbound and outbound processes supporting material flow, proper storage, and inventory accuracy in compliance with GMP/CPOB, GSP, and GDP/CDOB. In addition, I have good knowledge of pharmaceutical manufacturing processes, particularly raw material handling, weighing, and dispensing of active ingredients and excipients. I am accustomed to working in a structured environment, ensuring tasks are completed accurately and on time as a Raw Material Dispensing Supervisor at PT. Mersifarma TM.

EDUCATION

Universitas Sebelas Maret | Surakarta, Indonesia Feb 2025 – Apr 2026

Apothecary Program – Cumulative GPA: 3.98/4.00

Completed comprehensive hands-on training as a professional pharmacist across multiple pharmaceutical sectors, including pharmaceutical manufacturing, supply chain, clinical and community pharmacy to acquire professional competency certification and strengthen professional pharmacy practice capabilities.

Universitas Sebelas Maret | Surakarta, Indonesia Aug 2021 – Dec 2024

Bachelor of Pharmacy – Cumulative GPA: 3.79/4.00

Final project: Comparison of Carbopol 940 and HPMC K15M as Gelling Agent on The Characteristics and Stability Nanoemulgel Combination of Snakehead Fish Extracts (*Channa striata*) and Lemon Extracts (*Citrus limon*).

PROFESSIONAL EXPERIENCES

PT. Ferron Par Pharmaceuticals (Dexa Group) | Cikarang, Indonesia Jul – Aug 2025

Warehouse Internship

- Conducted and identified gap analysis of warehouse areas based on GMP/CPOB requirements.
- Contributed to inventory control using ERP System (Oracle) and ASRS (Automated Storage and Retrieval System) to ensure stock accuracy, traceability, and efficient warehouse operations in compliance with GMP/CPOB, GSP, and GDP/CDOB using FEFO/FIFO principles.
- Contributed to the receipt and verification of 20+ raw materials, packaging materials, and inbound products, ensuring proper documentation, storage, and GMP/CPOB-compliant handling.
- Supported finished product distribution and executed serialization for 10+ batches, ensuring traceability, accurate documentation, and GMP/CPOB-compliant operations.
- Calculated pallet utilization for inbound products to optimize warehouse space efficiency and capacity.
- Determined specifications for staging area, finished goods area, and controlled-temperature area in accordance with ISO 14644-1:2015, CPOB 2025, WHO Annex 9, and CDOB.
- Developed and documented User Requirement Specification (URS) to support warehouse facility requirements of cold storage room and ensure alignment with GSP compliance.
- Conducted and analyzed Risk Assessments (RA) using Failure Mode and Effects Analysis (FMEA) for extension warehouse, including the establishment of appropriate risk scales for severity and occurrence.
- Prepared and revised 3+ Standard Operating Procedures (SOPs) including forklift operation, material distribution, and handover of finished goods in compliance with GMP/GSP standards.
- Prepared, analyzed, and compiled documentation and supporting appendices for BPOM audit.

PKM Center UNS | Surakarta, Indonesia Jan 2024 – Mar 2025

Under the ‘Biro Kemahasiswaan’ facilitated exclusive mentoring aimed at increasing student participation in the ‘Program Kreativitas Mahasiswa (PKM)’

Head of Public Relation and Media

- Managed the official social media account (@pkmcenteruns) with 10K+ followers, serving as the account administrator, overseeing content planning, publication scheduling, and audience engagement.

- Facilitated communication and coordination between institutional and ministerial stakeholders, acting as a liaison to support the research activities of 1500+ proposals, 47 funded PKM teams, and 10 finalist teams at the 37th PIMNAS for optimal performance in resulting medals.

Laboratory Pharmaceutical Assistant | Surakarta, Indonesia

Aug 2023 – Dec 2024

Teaching Laboratory Assistant

Facilitated and mentored experiment-based learning for over 150+ students during practical sessions in Pharmaceutical Analysis, Analytical Chemistry, and Pharmaceutical Formulation, contributing to preparation, student guidance, and data interpretation using UV-Vis Spectrophotometry, titration, HPLC, and GC.

PROJECTS AND ACHIEVEMENTS ✓

- Publications of Scientific Papers in National Indexed Journal Feb 2025
Participated in a collaborative study with a team of 5 researchers to explore the therapeutic potential of CQDs-silica conjugated coated with lecithin as a drug delivery, with findings published in Sinta-2 journal.
- Speaker at GRAMISIDIN event Nov 2024
Selected as a speaker at GRAMISIDIN, hosted by UNS Pharmacy Student Association, to share and facilitate 60+ pharmacy students on drug classification and DAGUSIBU knowledge.
- Publications of Scientific Papers in International Indexed Journal Mar 2024
Participated in a 5-member research team investigating nanoemulsion-based formulations of snakehead fish and lemon extracts for post-caesarean wound healing, with results published in Scopus Q3 journal.
- Finalist of 36th Pekan Ilmiah Nasional (PIMNAS) event Nov 2023
Achieved finalist status in National Research that fully funded by The Indonesian Ministry of Education (Kemendikti) at 36th PIMNAS as a member of 2 teams, competing against 2,411 participants nationwide.
- Participant of Program Kompetisi Kampus Merdeka (PK-KM) DIKTI Aug 2022 – Dec 2022
Designed herbal product with PT. Rachma Sari Group and PT. Semar Sarana Sejahtera, completing Marketing Operation certification conducted by LSP MarkPlus to strengthen brand and service expertise.

ORGANIZATIONAL EXPERIENCES

UNS Pharmacy Student Association | Surakarta, Indonesia

Jan 2024 – Jan 2025

The Advisory Council

- Provided strategic and regulatory-focused guidance on 20+ organizational projects, ensured alignment with association policies, and facilitated decision-making to drive rational and consensus-based solutions.

UNS Pharmacy Student Association | Surakarta, Indonesia

Jan 2023 – Jan 2024

Head of Student Resource Development Division

- Led 9 staff members in executing 7 strategic projects for 200+ participants to support personal development, bridge academic and professional pharmacy understanding, and strengthen collaboration, achieving 100% of the targeted outcomes.
