PROFILE

A fresh graduate of the Pharmacist Professional Program, possessing fundamental knowledge and skills in the field pharmacy, with an interest in management, regulatory affairs, and quality control of pharmaceutical preparations. Has practical experience gained through the Pharmacist Professional Practice Program and laboratory activities. Actively engages as a long life learner, works with attention to detail, and adaptability. Show strong enthusiasm and openness to continuous self-development in various roles, and is prepped to collaborate both individually and within a team.

EXPERIENCE/INTERNSHIP

Apotek Wellings, Jakarta

Pharmacist Intern

June – July 2025

- Delivered comprehensive pharmaceutical services, including dispensing medications, providing self-medication guidance, patient counseling, and delivering accurate drug information.
- Supported pharmacy managerial operations, including documentation and administration of procurement processes through to the storage of pharmaceutical products and medical supplies; ensured stock availability through routine stock card recording, cycle counts, and assistance in stock-taking preparation.
- Provided telepharmacy services through multiple digital platforms, including Halodoc, Good Doctor, and WhatsApp.
- Actively participated in community outreach and pharmacy promotion initiatives within the surrounding operational area, including offering product promotions, distributing informational materials (flyers), and conducting basic health screenings accompanied by result interpretation and appropriate recommendations.

Balai Besar Pengawas Obat dan Makanan, Bandung

Pharmacist Intern

August 2025

- Assisted in the phased review of certification requirements data for CPPOB, CPKB, CPOTB, and CDOB, focusing on documentation as well as sanitation and hygiene aspects of facilities inspected by BBPOM, and assessing compliance with GMP (Good Manufacturing Practice) and applicable regulations.
- Participated in field audits conducted by BBPOM at pharmaceutical raw material distribution facilities and cosmetic importers, and evaluated their compliance with BPOM regulations.
- Supported CAPA (Corrective and Preventive Action) desk activities by assisting business operators in accelerating the implementation of corrective actions based on audit findings, thereby facilitating the certification issuance process.

PMN RS Mata Cicendo, Bandung

Pharmacist Intern

October – November 2025

- Provided prescription services, including prescription review, medication preparation, and dispensing in accordance with physicians' orders, ensuring the appropriateness of medical indications, accurate dosing, frequency, and duration for patients.
- Monitored pharmacotherapy for patients with specific conditions, ensuring treatment effectiveness and identifying as well as resolving potential drug interactions or related problems.
- Conducted health promotion activities and participated in inpatient ward rounds, delivering patient education, including explanations of medications used in ongoing therapies.

- Assisted in the dispensing of sterile preparations, including non-cytostatic injectable medications (IV admixtures) and cytostatic preparations, covering reconstitution, dilution, and compounding of sterile products using aseptic techniques.

Laboratorium Farmasi Unit E, Universitas Islam Bandung

Laboratory Assistant, Solid Preparation Technology

September 2024 – January 2025

- Participated in formulation selection trials, facilitated laboratory discussions, assisted in the proper use of equipment in accordance with established procedures, and served as a liaison between students and the supervising lecturer

EDUCATIONAL

Bachelor of Pharmacy, Universitas Islam Bandung

September 2020 – August 2024

Pharmacist Professional Program, Universitas Jenderal Achmad Yani

February 2025 – April 2026

ORGANIZATIONAL EXPERIENCE / ACTIVITIES

Student Creativity Program (Program Kreativitas Mahasiswa), Universitas Islam Bandung

Member

2020 – 2022

- Actively contributed ideas and concepts in the form of research-based scientific writing.
- Developed proposals under the PKM-M (Community Service) scheme by identifying issues within non-profit partner communities, conducting needs assessments, and designing practical, science-based, and sustainable solutions.

Community Service Program, Universitas Jenderal Achmad Yani

Public Relations and Documentation Division

2026

- Established effective communication with the community and relevant stakeholders throughout the program.
- Developed and disseminated publication materials based on pharmaceutical knowledge, contributing to publication strategies to enhance community participation.
- Produced informative and well-structured visual documentation and activity reports.

SKILLS

Hard Skills

- Proficient in dispensing pharmaceutical preparations based on prescriptions, providing Drug Information Services, and delivering basic patient counselling.
- Knowledge of pharmacy management, including administrative processes, inventory control, and pharmaceutical services through digital platforms.
- Experienced in basic quality testing of pharmaceutical preparations (e.g., disintegration, hardness, friability, viscosity, etc.), with foundational skills in operating laboratory instruments (UV-Vis spectrophotometer, disintegration tester, moisture analytical balance, friability tester, Brookfield viscometer) and interpreting laboratory results.
- Solid understanding of Good Pharmacy Practice (GPP) principles.

Soft Skills

Effective communication, teamwork and collaboration, problem analysis and solution-oriented thinking, attention to detail, strong time management, and adaptability to new environments.
