Analytical Problem Solving

PROFESSIONAL PRACTICE (PKPA)

PT LAPI Laboratories - Quality Assurance | Industrial Pharmacy

- Developed a personnel qualification project and designed a structured learning module for batch record review to ensure GMP-compliant documentation.
- Monitored the implementation of Quality Management Systems, including CAPA, root cause analysis, and deviation handling processes.
- Reviewed validation and qualification documents using Quality Risk Management (QRM) principles for risk-based decision-making.

PT Rajawali Nusindo Sidoarjo | Pharmaceutical Distribution (PBF)

- Analyzed pharmaceutical distribution flows and ensured compliance with Good Distribution Practice (GDP/CDOB) standards.
- Managed inventory systems using FEFO/FIFO and performed shipment validation, including Cold Chain Management for vaccines.
- Handled documentation for traceability, such as delivery notes and recall reports, while collaborating with Regulatory Affairs teams.

BBPOM & Dinas Kesehatan Kota Surabaya | Regulatory Pharmacy

- Gained insight into regulatory oversight, licensing, and the monitoring of drug and food safety standards at the regional level.
- Assisted in public health programs and evaluated pharmaceutical management compliance within the health office jurisdiction.
- Observed administrative documentation and reporting for pharmaceutical service outcomes.

RSUD Dr. Saiful Anwar | Hospital & Clinical Pharmacy

- Conducted clinical pharmacy services, including medication reconciliation, Medication Therapy Monitoring (PTO), and identification of Drug-Related Problems (DRPs).
- Participated in multidisciplinary ward rounds and provided evidence-based Drug Information Services (PIO) to healthcare professionals and patients.
- Supported the aseptic handling of sterile preparations and observed safety protocols for cytotoxic drug preparation in the oncology unit.

Puskesmas Peneleh | Public Health Center

- Conducted prescription screening and dispensing according to Good Pharmacy Practice (GPP) and managed national health program logistics (TB & Immunization).
- Performed intensive patient counseling for chronic diseases and participated in pharmacovigilance through ADR reporting.
- Executed Drug Use Evaluation (DUE) and vaccine cold chain monitoring to ensure product stability and rational drug use.

Apotek Arjasa | Community Pharmacy

- Provided comprehensive patient counseling and basic health monitoring (blood pressure and glucose checks) to improve therapeutic outcomes.
- Managed daily pharmacy operations, including inventory control using FIFO/FEFO and pharmaceutical financial recording.
- Involved in health promotion programs regarding antibiotic resistance and lifestyle modifications for chronic disease management.

PROFESSIONAL EXPERIENCE

VICE CHAPTER COORDINATOR | 02/2024 to Current
