PROFILE

A licensed pharmacist (Apothecary) graduated from the University of Indonesia, registered as a member of IAI (Indonesian Pharmacists Association) and holding a valid STRA (Pharmacist Registration Certificate). Possess professional experience and a strong interest in developing a career in the pharmaceutical industry.

Possess solid knowledge of pharmaceutical technology applied in the industrial sector, as well as regulatory standards including CPOB (cGMP) and other relevant GMP-based regulations (CPKB, CPAKB, CDOB). Skilled in communication and collaboration, with strong analytical abilities, attention to detail, and a results-oriented mindset.

WORK EXPERIENCE

PT Karya Daya Syafarmasi (Bogor, Indonesia)
Responsible Pharmacist (APJ)- Quality Assurance

September 2024 – Present
(1 April 2026 – Present)

- Supporting Quality Assurance activities in pharmaceutical raw material manufacturing in compliance with CPOB
- Assisting in document control activities, including SOP preparation, revision, and archival
- Participating in deviation handling and CAPA documentation under supervision
- Supporting internal audit/self-inspection preparation and quality documentation review
- Collaborating with production, quality control, and warehouse teams to ensure end-to-end quality compliance
- Reviewing and signing batch records to ensure completeness, accuracy, and compliance with CPOB requirements

Responsible Pharmacist (APJ) – Distribution (24 September 2024- 31 March 2026)

- Safeguarded the quality and integrity of pharmaceutical raw materials, ensuring full compliance with BPOM regulations and GDP standards
- Optimized receiving, storage, and dispatch processes, enabling timely and compliant distribution to ~80 customers
- Led document review (CoA, MSDS) and managed customer complaints, product returns, recall actions, and customer audits
- Strengthened distribution quality systems by maintaining and auditing SOPs, logs, and deviation & CAPA reports

PT Forsta Kalmedic Global, Kalbe Group (Jakarta Timur, Indonesia)
Quality Assurance Internship

(6 Mei 2024 – 5 August 2024)

- Executed performance qualification (PQ) and process validation protocols, ensuring production equipment met regulatory and quality standards.

- Developed and reviewed qualification and validation protocols and reports, supporting smooth commissioning of new and existing equipment.
- Conducted environmental monitoring and analyzed validation data to optimize process performance and compliance.
- Evaluated process capability using statistical methods and summarized findings for Product Quality Review (PQR), contributing to continuous quality improvement.

PT Kimia Farma Trading & Distribution (Jakarta Timur, Indonesia)

Internship

(August 2023)

- Learned pharmacist roles and responsibilities in pharmaceutical distribution in accordance with GDP regulations
- Assisted in regulatory reporting for narcotics, psychotropics (SIPNAP), and medical devices (e-report & PKRT)
- Managed inventory storage in compliance with GDP requirements
- Assisted in preparing products based on outbound distribution plans

PT Mahakam Beta Farma (Jakarta Timur, Indonesia)

Quality Control Internship

(Mei 2023- June 2023)

- Conducted testing and analysis of pharmaceutical products based on microbiological aspects.
- Studied various Standard Operating Procedures (SOPs) related to equipment used in the Microbiology Laboratory.
- Revised standard protocol documents for instruments in the Microbiology QC Department, prepared reports, and developed validation protocols related to microbiological testing.
- Learned the workflow and managerial processes of each department at PT Mahakam Beta Farma.

Badan Pengawas Obat dan Makanan (Jakarta Pusat, Indonesia)

Internship at Laboratorium Baku Pembanding

(January 2020)

- Learn about comparator analysis, quantitative and qualitative testing such as identifying comparator materials by IR spectrophotometry, KLT and KCKT, and determining levels by KCKT, etc.
