SUMMARY

A Pharmacist fresh graduate from Jember University with hands-on experience in Quality Control within pharmaceutical industry, equipped with strong analytical capabilities and exposure to high-volume sample testing. Experienced in stability testing, sample preparation, and analytical testing using UV-Vis spectrophotometry, HPLC, FTIR, GC, and NIR during internship and laboratory activities. Demonstrates strong discipline in data integrity (ALCOA++), documentation, and process accuracy. Detail-oriented and analytical with a strong commitment to quality, compliance, and continuous improvement in pharmaceutical manufacturing.

WORK EXPERIENCES

PT Balatif (Industri Obat Tradisional) - Malang, Jawa Timur

Sep – Oct 2025

Apothecary Professional Student Intern – Quality Control

- Conducted stability testing on 100+ samples (raw materials, in-process, and finished products) in accordance with SOPs and GMP requirements.
- Performed 50+ sample preparations for analytical testing using HPLC, UV-Vis, FTIR, and GC methods under supervision.
- Executed water sampling (purified water) at designated points using aseptic techniques with accurate labeling and proper documentation.
- Maintained accurate laboratory records in line with data integrity principles (ALCOA++).
- Managed laboratory reagents, standard solutions, and chemicals while adhering to laboratory procedures and safety standards.
- Assisted in the sampling of packaging materials, excipients, and colorants to support quality control activities.

PT Tri Sapta Jaya (PBF) - Surabaya, Jawa Timur

Apr – May 2025

Apothecary Professional Student Intern

- Supported implementation of Good Distribution Practice (GDP/CDOB) across storage, distribution, recall, and return processes.
- Conducted routine stock opname to ensure alignment between system records and physical inventory.
- Verified purchase order documentation to ensure completeness and regulatory compliance.
- Assisted in receiving, storing (FIFO/FEFO), and preparing pharmaceutical products with proper documentation.

EDUCATION

University of Jember – Jember

Feb 2025 – Apr 2026

Pharmacist, GPA: 3.95/4.00

- Gained hands-on experience in pharmaceutical manufacturing processes for traditional/herbal products.
- Trained GMP, CPOB, CPOTB, GDP implementation and pharmaceutical documentation systems.

University of Jember - Jember

Aug 2021 – Jan 2025

Bachelor Pharmacy, GPA: 3.58/4.00

- Undergraduate Thesis: Antibacterial Activity Test of Kesambi Leaf AgNPs and Ciprofloxacin Combination Against *Staphylococcus aureus* and *Escherichia coli*.

CERTIFICATES, TRAINING, AND LICENSES

- Pharmacist Competency Certificate** – Successfully Passed the Pharmacist Professional Competency Examination – Kolegium Farmasi Indonesia
- Pharmacist Registration Certificate (STRA)** – Konsil Kesehatan Indonesia

EXPERIENCES

Spectroscopy Analysis Laboratory - Jember

Aug – Dec 2024

Teaching Assistant

- Assisted 20+ students in operating Near-Infrared (NIR) instruments, including sample preparation, measurement, and accurate, systematic data recording.
- Ensured smooth execution of laboratory practical sessions in full compliance with Good Laboratory Practice (GLP) standards.
- Evaluated and provided constructive feedback on students' laboratory journals to ensure alignment with course material and academic standards.

Analytical Chemistry Laboratory - Jember**Feb – Jul 2024***Teaching Assistant*

- Provided hands-on guidance in instrument operation, sample preparation, and data analysis during laboratory sessions.
- Ensured smooth execution of laboratory practical sessions in full compliance with Good Laboratory Practice (GLP) standards.
- Evaluated and provided constructive feedback on students' laboratory journals to ensure alignment with course material and academic standards.

ORGANIZATIONS

UKM Olahraga Fakultas Farmasi UNEJ - Jember**Jan – Dec 2024***Vice Chairman*

- Partnered with the Chairman to recruit and lead a team of 25+ members, ensuring effective team coordination and performance.
- Oversaw the implementation of weekly training programs across four sports divisions to ensure consistency and effectiveness.

UKM Karya Riset Fakultas Farmasi UNEJ - Jember**Jan – Dec 2022***Staff of Cadre Division*

- Collaborated with other divisions to plan and execute events that promoted academic growth and professional development among members.

SKILLS

- **Technical Skills:** GMP & CPOB/CPOTB Compliance, Pharmaceutical Documentation, Data Integrity (ALCOA++), Sample Preparation & Analytical Testing, Inventory Management, UV-Vis Spectrophotometry, Ms. Office.
- **Soft Skills:** Analytical Thinking, Attention to Detail, Problem Solving, Team Collaboration, Effective Communication, Time Management, Adaptability.
