PERSONAL PROFILE

A dedicated and detail-oriented Biology graduate with extensive experience as a laboratory analyst. Skilled in conducting physical, chemical, microbiological, and histopathological tests while ensuring quality control and laboratory safety. Adept at training junior staff, maintaining laboratory equipment, and streamlining processes to enhance productivity. Currently seeking opportunities to contribute my expertise in laboratory management and environmental testing to a dynamic team, with a focus on accuracy and efficiency.

WORK EXPERIENCE

Microbiology Officer

LAPI LABORATORIES (August 2025 – February 2026)

- Supervised and coordinated pharmaceutical microbiology laboratory activities for testing of raw materials, in-process samples, and finished products in compliance with GMP/CPOB standards.
- Ensured timely and accurate execution of microbiological tests, including sterility testing, endotoxin testing, bioburden analysis, and environmental monitoring.
- Developed, reviewed, and implemented Standard Operating Procedures (SOPs) and laboratory work instructions.
- Reviewed and evaluated test results, conducted OOS/OOT investigations, and implemented Corrective and Preventive Actions (CAPA).
- Managed calibration, qualification, and maintenance of microbiology laboratory equipment.
- Trained, supervised, and evaluated microbiology analysts' performance.
- Collaborated with QA, QC, and Production teams to ensure regulatory compliance and product quality.

Senior Laboratory Analyst

DELOS RANTAI MARITIM (December 2022 – August 2025)

- Conduct physical, chemical, microbiological, plankton, and histopathological tests for shrimp disease monitoring, ensuring accurate results within set timelines.
- Prepare and analyze daily logbooks related to chemical usage and laboratory equipment, ensuring complete and timely documentation.
- Create and update work instructions for laboratory equipment in physics, chemistry, and biology, improving operational efficiency.
- Manage inventory of laboratory supplies and equipment, ensuring adequate stock of chemicals and tools to support test processes.
- Perform calibration of laboratory equipment and maintain cleanliness of the work environment, ensuring safety and optimal working conditions for team productivity.

Microbiology Analyst

JAMBI CITY ENVIRONMENTAL LABORATORY(January 2021 – December 2022)

- Conducted microbiological testing on water, wastewater, and sludge samples, ensuring accurate results and compliance with quality assurance protocols.
- Prepared documentation for assessor team surveillance and facilitated the laboratory's accreditation process for additional space scope, contributing to the successful addition of Microbiology accreditation in 2022.
- Achieved satisfactory proficiency testing results for Total Coliform, Fecal Coliform, and Escherichia coli, meeting the established standards.
- Trained junior analysts on laboratory techniques, safety protocols, and chemical handling procedures, enhancing team competency and efficiency.

EDUCATION

UNIVERSITAS SRIWIJAYA

Bachelor of Science in Biology-2019

- Final Project: *Genetic Variation and Kinship Relationship of Red Rice in South Sumatra Province Based on PCR-RAPD*
- Corresponding Author and Researcher, Research Journal published by IOP Publishing, Scopus Indexed (2020)
