Work Experiences

PT Global Onkolab Farma - Jakarta, Indonesia Apr 2025 - May 2025

Technical Service Intern

PT Global Onkolab Farma (GOF) is a subsidiary of PT Kalbe Farma Tbk that focuses on the development and production of cancer medications. GOF is recognized as one of the first cancer drug manufacturers in Indonesia to utilize advanced technology in producing high-quality oncology products at affordable prices.

- PPI Revision – Assisted in revising Master Processing Procedure (MPP) and Master Packaging Procedure (MPP).
- Process Improvement – Contributed to a batch size scale-up project, including data collection, research protocol development, and study report preparation.
- Troubleshooting – Conducted a prevention action study, involving data gathering, data analysis, and reporting of study results.
- Other Tasks – Supported the preparation of Special Access Scheme (SAS) submission documents, translated process validation reports, calculated cost savings from process improvements, etc.

RSUD Sleman - Sleman, Indonesia Feb 2025 - Mar 2025

Pharmacist Intern

Sleman Regional Public Hospital (RSUD Sleman) is a Work Unit of the Regional Apparatus Organization (SKPD) under the Sleman Regency Government.

- Assisted in the preparation, dispensing, and administration of medications in both inpatient and outpatient pharmacy units.
- Supported the process of prescription screening for drug interactions, dosage accuracy, and therapeutic appropriateness.
- Completed assignments related to pharmaceutical care plans, SOAP documentation, and case presentations.

PT Kimia Farma Trading & Distribution (KFTD) - Indonesia Nov 2024

Pharmacist Intern

PT Kimia Farma Trading & Distribution (KFTD) is a company engaged in the distribution and trading of healthcare products, including pharmaceuticals, medical devices, cosmetics, and cold chain products, to various distribution channels across Indonesia.

- Studied and summarized the Good Distribution Practice (GDP/CDOB) guidelines, including their application in pharmaceutical distribution operations.
- Gained insight into warehouse and inventory management, cold chain logistics, and product handling procedures through virtual observations and case studies.
- Participated in discussions on regulatory compliance, quality management systems, and documentation practices to support audit readiness.

Apotek Asy-Syifa - Sleman, Indonesia Nov 2024 - Dec 2024

Pharmacist Intern

Apotek Asy Syifa is a pharmacy located in the Prambanan area, Yogyakarta. It offers a wide range of medicines, including medical devices and herbal products. The pharmacy also provides specialist obstetrics and gynecology consultations as well as physiotherapy services to support comprehensive community healthcare.

- Assisted in dispensing prescription and over-the-counter medications while ensuring accuracy and compliance with pharmaceutical regulations.
- Provided patient counseling on proper medication usage, dosage, storage, and possible side effects.
- Participated in inventory management activities, including stock checking, drug expiry monitoring, and restocking procedures.

Puskesmas Imogiri I - Bantul, Indonesia Sep 2024 - Oct 2024

Pharmacist Intern

Puskesmas Imogiri I is a Community Health Center and a primary healthcare facility located in Imogiri Subdistrict, Bantul Regency. It is committed to providing the best and most comprehensive healthcare services to the local community of Imogiri.

- Assisted in dispensing medications and providing patient counseling under the supervision of a licensed pharmacist.
- Participated in community health programs, including drug use evaluation, health education, and immunization support.
- Supported inventory management tasks such as stock monitoring, expiry date checks, and drug procurement planning.
