About Me

I am a pharmacist with experience in the pharmaceutical industry. Have an understanding of CPOB (*How to Make Good Medicine*), quality control, formulation, and the production process of drugs and supplements. I am used to working in an environment that demands high accuracy, compliance with regulations, and cross-departmental teamwork. With a background in pharmacy education and practical experience in the industry, I am committed to continue contributing in ensuring the quality and safety of pharmaceutical products consistently.

Education

Apothecary Professional Degree, University 17 Agustus 1945 Jakarta **2024 - 2025**

- IPK: 3,71 (*Cum Laude*)

Bachelor of Pharmacy, University Muhammadiyah A.R Fachruddin **2019 - 2023**

- GPA 3.80 (*Magna Cum Laude*)
- Final Project Research Area: Chemical Pharmacognosy

Work Experience

Pharmacy Assistant - Hanifa Medica Cline **February - April 2024**

- Maintained inventory control
- Reviewed prescriptions for dose accuracy, potential drug interactions.
- Drug compounding and dispensing

Industrial Pharmacy - PT.Green Nature Farm **December 2025 -Present**

- Prepared, reviewed, and submitted regulatory registration dossiers for Food and Traditional Medicines, Health Supplements, and Cosmetics (OTSK) products to BPOM.
- Ensured registration dossiers complied with applicable BPOM regulations and regulatory requirements.
- Coordinated with R&D, Quality Assurance (QA), Quality Control (QC), and Production teams to support new product registrations and product variation submissions.
- Monitored registration progress and responded to BPOM requests for revisions, additional information, and regulatory clarifications.
- Maintained regulatory documentation and databases to ensure accurate, complete, and up-to-date records.
- Provided regulatory support for new product development, formulation changes, packaging updates, and labeling compliance.
- Interpreted and implemented BPOM regulations to ensure compliance throughout the product registration and licensing process.
- Monitored regulatory updates and assessed their impact on product compliance and registration activities.

Internship Experiences

Industrial Pharmacy - Lafi Puskesmas, Bandung, West Java **June 2025**

- Carrying out the production process of tablet preparations which includes weighing raw materials, mixing, tablet molding, stripping process, and final packaging in accordance with fixed procedures (SOP).
- Conducting quality tests of finished tablet preparations, including weight, average weight, thickness, hardness, brittleness, crushing time, active substance content, dissolution, preparation uniformity, and strip leakage test.
- Participate in production machinery qualification activities and laboratory equipment to ensure performance in accordance with the specifications and standards of the pharmaceutical industry.
- Learned about the product manufacturing process in the production area and assisted in supervising primary and secondary packaging processes.

Hospital Pharmacy - RSUP Dr. Sitanala, Tangerang, Banten**March - April 2025**

- Rotation at four stations: neurology, pediatric, interne, pharmacy installation.
- Conducted medication reconciliation services for over 30 patients.
- Performed preliminary prescription reviews, participated in daily patient visits, and conducted drug therapy monitoring, including assessment of adverse effects and potential drug interactions.
- Monitored 5 patients in each rotation station and reported findings of drug interactions or adverse effects directly to the supervising pharmacist.
- Delivered patient counseling regarding medication use and therapy adherence.
- Assisted in pharmaceutical stock management, including expiration date verification and stock arrangement following FIFO/FEFO principles.
- Participated in the receiving process of pharmaceutical goods from distributors.
- Assisted in the management of high-alert medications and antibiotics, as well as in monitoring antibiotic use.
