Tentang Saya

I am a final-semester student with a strong work ethic and a passion for continuous learning. I continue to develop my problem-solving skills, both individually and as a team. I am also able to work under pressure while remaining focused on achieving my goals.

Education Level

Mardi Yuana Senior High School, Sukabumi

(2019 - 2022)

Science Department

Universitas Pancasila, Jakarta Selatan

(2022 - Present)

Bachelor of Pharmacy

Work Experience

Basic Chemistry Laboratory Assistant - Universitas Pancasila

(Aug 2025 - Dec 2025)

- Assisted lecturers in preparing and organizing basic chemistry laboratory materials, reagents, and equipment before practical sessions.
- Guided and supervised students during fundamental chemistry experiments, including solution preparation, stoichiometry, acid-base reactions, and chemical measurements.
- Ensured compliance with laboratory safety rules, proper use of personal protective equipment (PPE), and correct waste disposal procedures.
- Explained basic chemical concepts, experimental objectives, and laboratory techniques clearly to students.
- Maintained laboratory cleanliness, equipment functionality, and proper storage of chemicals.

Pharmaceutical Analytical Chemistry Laboratory Assistant - Universitas Pancasila

(Aug 2025 - Dec 2025)

- Assisted lecturers in preparing analytical instruments, reagents, and samples for pharmaceutical analysis practical sessions.
- Guided students in conducting pharmaceutical analytical methods, including titration, UV-Vis spectrophotometry, FTIR, AAS, and qualitative-quantitative analysis.
- Supervised students in performing drug content analysis and quality evaluation based on pharmacopeial standards.
- Ensured correct instrument handling, calibration procedures, and adherence to laboratory safety protocols.

Organic Chemistry Laboratory Assistant - Universitas Pancasila

(Mar 2026 - Jul 2026)

- Assisted lecturers in preparing and organizing laboratory materials, chemicals, and equipment prior to each practical session.
- Guided and supervised student in conducting organic chemistry experiments, ensuring adherence to laboratory safety protocols.
- Provided clear explanations of experimental procedures, reaction mechanisms, and underlying chemical concepts

Pharmaceutical Analysis Laboratory Assistant - Universitas Pancasila

(Mar 2026 - Jul 2026)

- Assisted in conducting research in synthetic organic chemistry and instrumental analysis entitled "Synthesis of 4-Dimethylamino-1,3,5-Triaryl-2-Pyrazolin Compound Using Microwave."
- Assisted in processing and interpreting research data.
- Prepared samples and ensured research procedures were conducted in accordance with established standards.

Research Study Assistant - Universitas Pancasila

(Jun 2026 - Jul 2026)

- Assisted in conducting research in synthetic organic chemistry and instrumental analysis entitled "Synthesis of 4-Dimethylamino-1,3,5-Triaryl-2-Pyrazolin Compound Using Microwave."
- Assisted in processing and interpreting research data.
- Prepared samples and ensured research procedures were conducted in accordance with established standards.

Organizational Experience

2022 - 2023

- Business Funding Division, Inauguration of the 2022 Class of Pharmacy Students, Pancasila University (2022)
- External Public Relations Division, Indonesian Pharmacy Student Senate Association (ISMAFARSI), Pancasila University

2023 - 2024

- Chairperson of the Beginning of Academic Year Service (KATA) of the Faculty of Pharmacy, Pancasila University (2023)

2024 - 2025

- Member of Commission III of the Student Representative Body of the BPM FF-KMUP

Other Skills and Experience

- Project (2025): MC in a Community Service program with the theme "Curriculum Enrichment and Skill Improvement of Pharmacy Vocational School Students Through Chemistry Computational Education and Practice as a Basic Introduction to New Drug Design."
- Interpersonal Skills: Teamwork, Time Management, Effective Communication, Adaptability, and Accuracy.
- Technical Skills: Microsoft (Word, Excel, PowerPoint), Google Workspace (Google Docs, Google Sheets, Google Slides), Canva, Capcut.
