

NUR ALIMA HUSNA, S.Farm., Apt.

LICENSED PHARMACIST | PHARMACEUTICAL MANUFACTURING | TECHNICAL SUPPORT | CPOB/GMP

nurhalimahusna@gmail.com | +62 852-1219-9972 | linkedin.com/in/nur-alima-husna

PROFESSIONAL SUMMARY

Licensed Pharmacist with hands-on experience in pharmaceutical manufacturing, CPOB/GMP compliance, production documentation, process evaluation, and continuous improvement. Experienced in BMR and manufacturing documentation review, SOP revision, URS preparation, deviation investigation, RCA, and CAPA. Gained practical exposure to production operations and equipment at PT Merck Tbk, including a process improvement initiative that reduced equipment cleaning time by approximately 25% while maintaining GMP compliance.

Strong analytical, documentation, communication, and cross-functional coordination skills, with a solid foundation in pharmaceutical manufacturing and regulatory requirements. Highly motivated to contribute to product trials, process optimization, technical documentation, production support, and continuous improvement.

PROFESSIONAL EXPERIENCE

Production Intern

Mar 2024 – Apr 2024

PT Merck Tbk

- Supported pharmaceutical manufacturing activities in accordance with CPOB/GMP requirements, approved procedures, and production standards.
- Reviewed Batch Manufacturing Records (BMR), production logbooks, and manufacturing documentation for completeness, accuracy, and compliance.
- Gained practical exposure to manufacturing processes, production equipment, equipment cleaning, and production-area operations.
- Contributed to process improvement that reduced equipment cleaning time by approximately 25% while maintaining GMP compliance.
- Supported 3+ deviation investigations through Root Cause Analysis (RCA), investigation documentation, and CAPA preparation.
- Assisted in SOP revision and User Requirement Specification (URS) preparation for production-related requirements and equipment documentation.
- Collaborated with Production and Quality functions in documentation review, process evaluation, audit activities, and continuous improvement.
- Participated in production-area and documentation audits to strengthen compliance with CPOB requirements.

Clinical Pharmacist

Feb 2025 – Feb 2026

Awal Bros Panam Hospital

- Conducted medication reconciliation, ward rounds, and DRP assessments for 65+ inpatients daily, requiring systematic analysis, accuracy, and documentation.
- Collaborated with physicians, nurses, and healthcare professionals to evaluate medication therapy and provide evidence-based recommendations.
- Provided Drug Information Services and medication counseling to 25+ patients daily.
- Managed multiple priorities in a high-volume environment while maintaining accuracy and adherence to established procedures.

Pharmacist Intern – Distribution & GDP Compliance

Nov 2023 – Dec 2023

PT Rajawali Nusindo

- Applied GDP/CDOB principles to pharmaceutical distribution, supporting documentation accuracy, product traceability, and regulatory compliance.
- Verified documentation and handling procedures for returned pharmaceutical products.
- Assisted in BPOM inspection readiness through organization of regulatory documentation and product labeling records.

Laboratory Assistant – Pharmaceutical Chemistry

Sep 2022 – Dec 2022

Universitas Andalas

- Supervised laboratory practical sessions for 25 students per session, ensuring compliance with SOPs, safety procedures, and analytical standards.
- Prepared and managed analytical chemicals, reagents, and laboratory equipment according to established procedures.

EDUCATION

Professional Program in Pharmacy (Apoteker)

2023 – 2024

Universitas Andalas — GPA: 3.88 / 4.00

Bachelor of Pharmacy

2019 – 2023

Universitas Andalas — GPA: 3.53 / 4.00 | Oral Presenter, ICCSCP International Conference 2023

CORE COMPETENCIES

Pharmaceutical Manufacturing

Manufacturing Process Support | Production Documentation | BMR Review | Production Equipment & Cleaning Process | Process Evaluation & Optimization | Continuous Improvement | Technical Documentation | User Requirement Specification (URS)

Quality & Compliance

CPOB / GMP | SOP Development & Revision | ALCOA+ Data Integrity | Deviation Investigation | Root Cause Analysis (RCA) | CAPA | GDP/CDOB | BPOM Requirements

Professional Skills

Analytical & Problem Solving | Cross-Functional Coordination | Technical Communication | Systematic Documentation | Attention to Detail | Microsoft Excel, Word & PowerPoint | English – Professional Working Proficiency

LEADERSHIP EXPERIENCE

Project Leader – Program Kreativitas Mahasiswa (PKM)

Jan 2021 – Dec 2022

Universitas Andalas

- Led a multidisciplinary team in planning and executing a pharmaceutical research project, coordinating tasks, timelines, communication, and project documentation.

Staff – Skill Division

Jan 2022 – Dec 2022

NSAID, Faculty of Pharmacy

- Coordinated pharmaceutical equipment training sessions and participant communications.

Secretary – Entrepreneurship Department

Jan 2021 – Dec 2021

BEM Faculty of Pharmacy

- Managed departmental administration, official correspondence, and activity documentation.
