Bandung, West Java

Final-year Pharmacist Professional Program student at Institut Teknologi Bandung, expected to graduate in September 2026, with practical experience in pharmaceutical manufacturing, GMP/CPOB implementation, production documentation, process monitoring, and cross-functional collaboration within regulated manufacturing environments. Experienced in supporting oncology manufacturing operations, production compliance, and continuous improvement initiatives. Demonstrates strong leadership, analytical thinking, communication, and problem-solving skills, with a strong commitment to operational excellence, production efficiency, and quality compliance.

Work Experiences

PT Global Onkolab Farma - East Jakarta, Indonesia

Jan 2026 - Feb 2026

Apothecary Intern – Production Department

- Supported GMP/CPOB-compliant manufacturing of oncology tablet and sterile injectable products throughout production processes.
- Executed production documentation, line clearance, and batch record verification in accordance with SOPs and Good Documentation Practices.
- Coordinated with Production, QA, QC, Engineering, Warehouse, and Supply Chain teams to maintain smooth manufacturing operations.
- Participated in deviation investigations, root cause analysis, and continuous improvement initiatives to enhance production efficiency.
- Monitored compliance with GMP/CPOB requirements to ensure product quality, operational safety, and manufacturing consistency.

SwipeRx (PT Teknologi Medika Pratama) - Depok, Indonesia

Apr 2026

Apothecary Intern – Pharmaceutical Distribution

- Supported pharmaceutical distribution operations through a digital healthcare supply chain platform.
- Analyzed sales and inventory data to improve operational planning and product availability.
- Collaborated with commercial and operations teams to optimize workflow efficiency.
- Maintained GDP/CDOB compliance through accurate distribution documentation.

Balai Besar Pengawas Obat dan Makanan di Bandung - Bandung, Indonesia

Oct 2025

Apothecary Intern – Regulatory Enforcement and Compliance

- Participated in inspections and surveillance of pharmaceutical and food products.
- Assisted regulatory compliance verification, product labeling review, and documentation assessment.
- Conducted cyber-surveillance to identify unauthorized pharmaceutical products and regulatory violations.
- Evaluated product quality compliance through inspection findings and regulatory documentation review.

Muhammadiyah University of Surakarta - Surakarta, Indonesia

Sep 2024 - Jan 2025

Food and Cosmetics Analysis Lab Assistant

- Performed analytical testing of pharmaceutical, food, and cosmetic samples using HPLC, UV-Vis Spectrophotometer, and Atomic Absorption Spectroscopy (AAS).
- Prepared analytical standards, reagents, calibration solutions, and laboratory equipment prior to testing.
- Assisted instrument readiness, laboratory documentation, and quality records in accordance with laboratory procedures.
- Maintained compliance with laboratory SOPs, Good Laboratory Practice (GLP), and quality documentation requirements.
- Supervised and trained more than 30 students in analytical laboratory techniques, laboratory safety, and data recording procedures.

PT Enseval Putera Megatrading - Surakarta, Indonesia

Aug 2024

Pharmacist Intern – Distribution Operations

- Supported pharmaceutical inventory management and distribution documentation.
- Applied GDP/CDOB principles in storage and distribution activities.
- Assisted inventory reconciliation and operational improvement initiatives.
- Collaborated with cross-functional teams to maintain efficient supply chain operations.

Muhammadiyah University of Surakarta - Surakarta, Indonesia

Feb 2023 - Jul 2023

Microbiology Lab Assistant

- Conducted microbiological testing, microbial culturing, Gram staining, PCR analysis, and contamination control procedures.
- Performed media preparation, sterilization, aseptic techniques, and environmental laboratory practices.
- Assisted laboratory quality assurance activities, documentation, and laboratory compliance.
- Supervised and trained more than 40 students in microbiological testing techniques, laboratory safety, and aseptic laboratory practices.

Education Level

Bandung Institute of Technology - Bandung, Indonesia

Aug 2025 - Sep 2026 (Expected)

Pharmacist Professional - Apothecary

Muhammadiyah University of Surakarta - Surakarta, Indonesia

Sep 2021 - Apr 2025

Bachelor of Pharmacy, 3.92/4.00

- Graduated Cum Laude as the Top 3 University Graduate (2025) and Top 1 Faculty of Pharmacy Graduate (2025).
- First Author of a Scopus Q2 publication in the Journal of Applied Pharmaceutical Science (2025).
- Invited speaker at the Student Research Colloquium, presenting strategies for Scopus Q2 publication to 80+ participants.
- Awarded Outstanding Student (2023).

Organizational Experience

Gebyar Mahasiswa Farmasi UMS - Surakarta, Indonesia

Aug 2023 - Oct 2023

Equipment Coordinator

- Led coordination of more than 15 committee members to ensure operational readiness.
- Managed resource allocation, equipment logistics, and issue resolution under tight deadlines.
- Ensured activities were completed on schedule through effective communication and team coordination.
- Resolved operational issues through effective communication and teamwork.
- Maintained efficient coordination among committees throughout event implementation.

Skill, Competencies, & Achievements

- **Language:** Indonesian, English.
- **Technical Skills:** Production Documentation, GMP/CPOB Compliance, SOP Implementation, Good Documentation Practices (GDP), Production Process Monitoring, Line Clearance, Microsoft Excel, Microsoft Word, Microsoft PowerPoint, IBM SPSS, GraphPad Prism.
- **Core Competencies:** Production Supervision, Pharmaceutical Manufacturing, Team Leadership, Cross-functional Collaboration, Production Planning Support, Continuous Improvement, Root Cause Analysis, CAPA, Operational Excellence, Quality Systems, Regulatory Compliance, Problem Solving, Communication, Time Management.
- **Achievements:** Awarded a bronze medal for Revolutionizing Climate Change Education through VR (Malaysia Technology Expo, 2024), followed by another bronze medal of STECAV: SCP-Based Food Supplement for Protein Deficiency Prevention (NRCT Thailand, 2023), & capped with a silver medal of Pedada Mangrove Hepatoprotective Capsules (SGOT/SGPT Biomarkers) (Indonesia Inventors Day, 2022).
- **Additional Information:** Eligible to obtain Pharmacist Registration and licensing requirements upon completion of the Professional Pharmacist Program; Willing to work in rotating shifts (1, 2, and 3) and off-shift manufacturing operations.
