Bandung, Jawa Tengah

Final-year Pharmacist Professional Program student at Institut Teknologi Bandung, expected to graduate in September 2026, with hands-on experience in pharmaceutical quality control, analytical laboratory testing, GMP/CPOB implementation, and regulatory compliance. Experienced in analytical testing using HPLC, UV-Vis Spectrophotometer, Atomic Absorption Spectroscopy (AAS), microbiological techniques, laboratory documentation, and quality systems within regulated pharmaceutical environments. Demonstrated ability to support deviation investigations, CAPA implementation, SOP compliance, and cross-functional collaboration while maintaining data integrity and Good Documentation Practices. Strong analytical, communication, and problem-solving skills with a commitment to continuous quality improvement.

Work Experiences

Muhammadiyah University of Surakarta - Surakarta, Indonesia

Sep 2024 - Jan 2025

Food and Cosmetics Analysis Lab Assistant

- Performed analytical testing of pharmaceutical, food, and cosmetic samples using HPLC, UV-Vis Spectrophotometer, and Atomic Absorption Spectroscopy (AAS).
- Prepared analytical standards, reagents, calibration solutions, and laboratory instruments before testing.
- Verified laboratory documentation and testing records in accordance with Good Laboratory Practice (GLP) and laboratory SOPs.
- Assisted laboratory operations including equipment readiness, reagent management, and quality documentation.
- Supported laboratory data review and ensured accurate recording of analytical results.
- Supervised and trained more than 30 students in analytical laboratory techniques, laboratory safety, and documentation practices.

PT Global Onkolab Farma - East Jakarta, Indonesia

Jan 2026 - Feb 2026

Apothecary Intern – Production Department

- Supported GMP/CPOB-compliant manufacturing of oncology tablet and sterile injectable products throughout production processes.
- Executed production documentation, batch record verification, and line clearance in accordance with SOPs and Good Documentation Practices.
- Collaborated with Production, Quality Control, Quality Assurance, Engineering, Warehouse, and Supply Chain teams to ensure manufacturing compliance.
- Participated in deviation investigations, root cause analysis, and CAPA implementation to support continuous quality improvement.
- Assisted production process monitoring to ensure compliance with GMP requirements and product quality standards.
- Maintained accurate documentation to support traceability and data integrity throughout manufacturing activities.

Balai Besar Pengawas Obat dan Makanan di Bandung - Bandung, Indonesia

Oct 2025 - Oct 2025

Apothecary Intern – Regulatory Enforcement and Compliance

- Participated in inspections and surveillance of pharmaceutical and food products.
- Assisted regulatory compliance verification and documentation review against applicable regulations.
- Evaluated product quality through inspection findings and regulatory documentation assessment.
- Conducted cyber-surveillance to identify unauthorized pharmaceutical products and regulatory violations.
- Collaborated in regulatory reporting and compliance activities supporting pharmaceutical quality systems.

Muhammadiyah University of Surakarta - Surakarta, Indonesia

Feb 2023 - Jul 2023

Microbiology Lab Assistant

- Conducted microbiological testing, microbial culturing, Gram staining, PCR analysis, and contamination control procedures.
- Performed aseptic techniques, media preparation, sterilization, and environmental laboratory practices.
- Maintained laboratory documentation and quality records in accordance with laboratory SOPs and Good Laboratory Practice.
- Assisted laboratory quality assurance activities and documentation review.
- Supervised laboratory practical sessions involving microbiological testing techniques and laboratory safety.

SwipeRx (PT Teknologi Medika Pratama) - Depok, Indonesia

Apr 2026 - Apr 2026

Apothecary Intern – Pharmaceutical Distribution

- Supported commercial operations through Indonesia's largest digital healthcare platform for pharmacies.
- Analyzed sales performance, inventory trends, and product demand to support commercial decision making.
- Collaborated with commercial, operations, and supply chain teams to improve product availability and customer satisfaction.
- Assisted pharmaceutical product promotion programs and distribution activities through digital platforms.
- Maintained GDP/CDOB compliance while ensuring efficient pharmaceutical distribution.

PT Enseval Putera Megatrading - Surakarta, Indonesia

Aug 2024 - Aug 2024

Pharmacist Intern – Distribution Operations

- Assisted sales representatives in pharmaceutical product marketing activities to healthcare facilities and pharmacies.
- Supported customer relationship activities and product distribution planning.

- Monitored inventory movement and sales fulfillment to ensure product availability.
- Collaborated with commercial and warehouse teams to optimize pharmaceutical distribution.
- Applied GDP/CDOB principles in pharmaceutical supply chain operations.

Education Level

Bandung Institute of Technology - Bandung, Indonesia

Aug 2025 - Sep 2026 (Expected)

Pharmacist Professional – Apothecary, 3.97/4.00

Muhammadiyah University of Surakarta - Surakarta, Indonesia

Sep 2021 - Apr 2025

Bachelor of Pharmacy, 3.92/4.00

- Graduated Cum Laude as the Top 3 University Graduate (2025) and Top 1 Faculty of Pharmacy Graduate (2025).
- First Author of a Scopus Q2 publication in the Journal of Applied Pharmaceutical Science (2025).
- Invited speaker at the Student Research Colloquium, presenting strategies for Scopus Q2 publication to 80+ participants.
- Awarded Outstanding Student (2023).

Organizational Experience

Gebyar Mahasiswa Farmasi UMS - Surakarta, Indonesia

Aug 2023 - Oct 2023

Equipment Coordinator

- Led coordination of more than 15 committee members to ensure operational readiness and successful event execution.
- Managed equipment logistics, resource allocation, and scheduling under tight deadlines.
- Resolved operational issues through effective communication and collaborative decision-making.
- Ensured activities were completed on schedule while maintaining team coordination and operational efficiency.

Skill, Competencies, & Achievements

- **Language:** Indonesian, English.
- **Technical Skills:** High Performance Liquid Chromatography (HPLC), UV-Visible Spectrophotometry, Atomic Absorption Spectroscopy (AAS), Microbiological Testing, Analytical Laboratory Testing, Laboratory Documentation, Good Laboratory Practice (GLP), GMP/CPOB Compliance, Good Documentation Practices (GDP), SOP Implementation, Root Cause Analysis, CAPA, Microsoft Office.
- **Core Competencies:** Quality Control, Analytical Testing, Laboratory Operations, Laboratory Documentation, Quality Systems, Deviation Investigation, Root Cause Analysis, CAPA, Regulatory Compliance, Data Integrity, Cross-functional Collaboration, Continuous Improvement, Problem Solving, Communication, Time Management.
- **Achievements:** Awarded a bronze medal for Revolutionizing Climate Change Education through VR (Malaysia Technology Expo, 2024), followed by another bronze medal of STECAV: SCP-Based Food Supplement for Protein Deficiency Prevention (NRCT Thailand, 2023), & capped with a silver medal of Pedada Mangrove Hepatoprotective Capsules (SGOT/SGPT Biomarkers) (Indonesia Inventors Day, 2022).
- **Additional Information:** Eligible to obtain Pharmacist Registration and licensing requirements upon completion of the Professional Pharmacist Program; Willing to work in rotating shifts (Shift 1, 2, and 3), overtime, weekends, and relocate based on company requirements.
