ACADEMIC BACKGROUND

Setia Budi University (2023-2024)

Pharmacist Professional Program (Focus on Industry sector)

GPA : 3.63

Sumatera Institute of Technology (2019-2023)

Bachelor of Pharmacy

GPA : 3.34

Active in several student organization

Thesis and Journal

Comparison of Sample Preparation Methods in Determination of Soybean Tempeh Protein Content Using the Biuret Method

SMAN 5 Metro (2016-2019)

Science Major

85.50/100

PROFESSIONAL EXPERIENCES

PT. Millenium Pharmacon International (Solo)

- Designed area mapping in PBF by applying FEFO, FIFO, LIFO, and product stability.
- Room and data loggers qualification based on product storage temperature.
- Preparing 5+ training materials related to CDOB, CDAKB, and K3 for employees.

PT. Kimia Farma Tbk, Plant Jakarta

- Participated in Small Group Innovations (SGI), and suggested use integrated barcodes on product quarantine labels
- Optimized storage location mapping by implementing FEFO, FIFO, and LIFO, while also considering product stability
- Carried out risk assessments (IBPR Form) and OLE in the production unit, applied 5R, and prepared recualified injections personels.

Puskesmas Setabelan

- Conducted health education for 20 elderly individuals on the safety of traditional and chemical medicines.
- Performed assessment and prescription services for approximately 70 patients daily.

Karsa Husada Hospital

- Assessed and created SOAP matrix about patient diagnose
