ssaulaaa@gmail.com | 081383214898 | <https://www.linkedin.com/in/salsabilasyaula>

Detail-oriented Pharmacy graduate with experience in pharmaceutical services, inventory management, and laboratory research. Strong analytical skills and attention to detail, with a proven ability to maintain compliance and support efficient operational processes. Eager to contribute to quality and innovation in the pharmaceutical industry.

WORK EXPERIENCE

KIAN Health Corp

September 2025 – July 2026

Apothecary Assistant

- Dispensed prescriptions and managed medication records for 300+ patients per month, ensuring accuracy and regulatory compliance.
- Managed inventory of 500+ pharmaceutical products, monitored stock and expiration dates, and maintained inventory accuracy using FIFO and FEFO principles.
- Coordinated with suppliers to manage routine and urgent medication procurement, order follow-ups, and delivery verification.
- Utilized pharmacy management systems for medication records, inventory tracking, administrative tasks, and reporting.
- Analyzed medication usage trends to forecast demand and optimize inventory levels.
- Prepared administrative documentation and weekly reports through the Tuberculosis Information System (SITB) while supporting patient treatment adherence.

UIN Syarif Hidayatullah Jakarta

December 2024 – July 2025

Final Project Research

- Performed extraction, liquid-liquid fractionation, and compound isolation using Thin-Layer Chromatography (TLC) and Column Chromatography to support natural product research.
- Conducted bioactivity assays and pharmaceutical compound analysis to evaluate biological potential and support research validation.
- Operated laboratory instruments, including UV-Visible Spectrophotometer and TLC Chamber, in compliance with Good Laboratory Practices (GLP).
- Analyzed laboratory data and interpreted results against scientific literature while maintaining rigorous research documentation.

RSUD Pasar Minggu

August 2024 – September 2024

Pharmacy Internship

- Rotated through outpatient, inpatient, emergency, ICU, logistics, and clinical pharmacy units.
- Assisted with dispensing, prescription review, labeling, compounding, and medication distribution.
- Conducted ward rounds and provided medication counseling under pharmacist supervision.
- Prepared a Drug Therapy Monitoring (DTM) report and observed inventory management and sterile/non-sterile drug preparation.

EDUCATION

UIN SYARIF HIDAYATULLAH

2021 - 2025

Pharmacy - GPA 3.37/4.00

Thesis: Isolasi Epigallocatekin Galat (EGCG) dari Daun Teh Hijau dan Uji Aktivitas Antioksidan

CERTIFICATION

- English Proficiency Test (EPT), UIN Syarif Hidayatullah Jakarta, 2025
- Arabic Language Proficiency Test, UIN Syarif Hidayatullah Jakarta, 2025

TRAINING

- ISO 9001:2015 Quality Management System Training, Makin Ahli, 2026
- Pelatihan Quality Assurance (QA) In Pharmaceutical Industry, Makin Ahli, 2026

SKILLS

Software & System	: Microsoft Office, Microsoft Excel, Medical Website (Omnicare & SITB)
Hard Skills	: Good Laboratory Practice (GLP), Natural Product Compound Extraction and Isolation, Thin-Layer Chromatography (TLC), Column Chromatography, Pharmaceutical Services and Dispensing, Pharmacy
Soft Skills	Information Systems, Inventory Management
Languages	: Fast Learning and Adaptability, Attention to Detail, SOP Compliance, Team Communication, Software Adaptability, Time Management
	: Indonesian (Native), English (Advanced), Arabic (Beginner)
