ABOUT ME

I am a supply chain and PPIC professional who is experienced in driving production efficiency, managing complex distribution flows, export-import operations, and strategic MRP. I am also focused on execution excellence to achieve maximum cost efficiency and perfect alignment between manufacturing output and dynamic market demands.

WORK EXPERIENCE

PPC Executive, PT Tupperware Indonesia, Jakarta

Jan 2018 – Jan 2025

- **Exceeded Distribution and Fulfillment KPIs:** achieved **89% readiness rate** for promotional items (vs. 80% target) and maintained a **92% spare part order fulfillment rate** from primary centers (vs. 80% target).
- **Generated Operational Cost Reduction:** saved IDR 30 million by optimizing direct-to-DC delivery and generated IDR 400 million by implementing carton box reuse initiatives (vs. IDR 200 million target).
- **Optimized Vendor Performance:** maintained **97% order accuracy rate** and ensure **89% OTIF (on-time in-full)** delivery from external manufacturers.
- **Mastered Export/Import Operations:** achieved **100% export order fulfillment** with documentation finalized within 4 days of vessel departure and streamlined **mold import clearances within 2 weeks** to ensure uninterrupted production schedules.

PPIC Senior Supervisor, PT Tupperware Indonesia, Jakarta

Jan 2015 - Dec 2017

- **Developed and executed monthly production schedules** that optimized production efficiency and ensured alignment between production output and market demand / sales targets.
- **Achieved 89% on-time delivery rate of promotional items** by monitoring external manufacturer operations to ensure campaign readiness prior to the promotional starting date.
- **Optimized Vendor Performance:** maintained **97% order accuracy rate** and ensure **89% OTIF (on-time in-full)** delivery from external manufacturers.
- **Streamlined mold import clearances within 2 - 3 weeks** to ensure uninterrupted production schedules.

PPIC Supervisor, PT Tupperware Indonesia, Jakarta

Aug 2012 - Dec 2014

- **Achieved 87% on-time delivery rate of promotional items** by monitoring external manufacturer operations to ensure campaign readiness prior to the promotional starting date.
- **Maintained 89% order accuracy rate.**

- **Mastered Export/Import Operations:** achieved **100% export order fulfillment** with documentation finalized within 4 days of vessel departure and streamlined **mold import clearances within 2 - 3 weeks** to ensure uninterrupted production schedules.

Raw Material Planner, PT Coca-Cola Amatil Indonesia, Jakarta

Jan 2011 - Aug 2012

- Developed and managed raw material dynamic arrival schedules, ensuring consistent availability to meet daily, weekly, and monthly production demands.
- Generated high-accuracy raw material purchase requisitions, ensuring seamless synchronization between production demand and procurement execution.
- Fostered cross-functional collaboration through effective coordination within internal teams, manufacturing plants, and suppliers to resolve supply bottlenecks and minimize production disruptions.

Master Planner, PT Mattel Indonesia, Bekasi

Aug 2008 - Aug 2010

- Developed and executed weekly production schedules, maximizing production efficiency and ensuring seamless plant operations to fulfill market demand and achieve sales targets.
