

Kembara Imaji Kristanto

kembara255@gmail.com | +6287860684935 | Yogyakarta, Indonesia

Kembara Imaji Kristanto is a Professional Pharmacist student at Universitas Gadjah Mada with practical experience in drug pre-formulation, analytical instrument operation, and quality assurance workflows. Conducted Product Quality Reviews, GMP-compliant environmental evaluations (temperature, humidity, pressure), and laboratory instruction in Formulation and Pharmacognosy-Phytochemistry. Achieved top finishes in national compounding and R&D contests, offering strong data interpretation, time management, clear communication, and team leadership capabilities for Quality Assurance, R&D, and Technical roles.

EDUCATION

Professional Pharmacist Program, Universitas Gadjah Mada

Aug 2025 – Aug 2026

Currently pursuing the Professional Pharmacist Program at Universitas Gadjah Mada, featuring comprehensive internship training across five core sectors: hospital, community pharmacy, primary healthcare, pharmaceutical industry, and distribution (PBF). Combines technical competence in pharmaceutical services and inventory management with active engagement in community outreach programs to enhance public health awareness.

Bachelor of Pharmacy, Universitas Gadjah Mada

Aug 2021 – July 2025

Graduated with a Bachelor of Pharmacy from Gadjah Mada University, maintaining a strong academic record and a satisfactory GPA. Actively participated in various student organizations and committees, demonstrating high motivation and commitment to academic and organizational excellence. Conducted an undergraduate thesis in drug pre-formulation, focusing on the physicochemical characterization of a curcumin analogue, including solubility and intrinsic dissolution rate studies. Developed core competencies in laboratory instrument operation, analytical procedures, and data interpretation.

GPA : 3,62/4,00

WORK EXPERIENCE

Quality Assurance Intern, PT Sydna Farma

Feb 2026 – Mar 2026

- Conducted Product Quality Reviews for parenteral batches, analyzing graphical trend data of critical quality attributes (including pH, endotoxins, osmolality, IPC), process parameters, and deviation reports under GMP standards.
- Drafted evaluation reports on environmental monitoring (temperature, humidity, pressure) for estrogen and non-estrogen production areas, performing monthly trend analyses and tracking corrective actions for HVAC control units.
- Summarized and presented regulatory updates (BPOM, PIC/S, FDA) and FDA Warning Letters to the QA Manager and Supervisors to support proactive risk mitigation and regulatory compliance.
- Created Raw Material Assessment Records by evaluating raw material analytical data, manufacturer compliance, and distributor specifications.
- Supported QA operations by updating production area entry SOPs, calibrating monitoring instruments (thermohygrometers), and updating MSDS documentation across tableting, warehouse, and technical service departments.

Pharmacist Intern, PT Teknologi Medika Pratama

Oct 2025

- Inspected incoming pharmaceutical products by verifying physical packaging, active pharmaceutical ingredients, batch numbers, expiration dates, and validity of Registration Numbers (NIE).
- Verified Surat Pesanan (SP) legal compliance by checking document numbers, ordering pharmacist names, SIPA, signatures, pharmacy address, and official stamps.
- Assisted in inventory control through physical stock counts to maintain accurate inventory records.
- Processed pharmacy orders through Picking, Checking, and Packing (PCP) protocols, and transferred packaged goods to delivery drivers based on designated distribution routes.

Academic Tutor

Mar 2024 – May 2025

- Prepared teaching materials and practice questions for Junior High School Physics and Biology, conducting 1.5 to 2-hour learning sessions.
- Assisted students with school assignments and provided continuous academic support through online chat to aid problem-solving.

Laboratory Assistant of Pharmacognosy-Phytochemistry, Farmasi UGM

Jul 2024 – Des 2024

- Guided students through hands-on experiments, including drug identification, phytochemical extraction, vacuum column chromatography, and preparative TLC.
- Evaluated student laboratory performance and graded practical reports.

Laboratory Assistant of Formulation, Farmasi UGM

Feb 2024 – Jun 2024

- Supervised student laboratory experiments in optimizing dosage formulations and preparing semi-solid dosage forms.
- Operated laboratory instruments to support practical learning and evaluated final laboratory reports.

ORGANIZATIONAL EXPERIENCE

Head of Strategic Studies and Issue Escalation, BEM KMFA UGM

Feb 2023 – Dec 2023

- Coordinated department work programs and facilitated communication between internal departments and external stakeholders.
- Conducted policy studies, organized online and offline discussion forums, and disseminated health-related issue updates to pharmacy students.

Staff of Strategic Studies and Issue Escalation, BEM KMFA UGM

Feb 2022 – Dec 2022

- Contributed to BEM Grand Launching, health discussion agendas, and the "KMFA Beropini" program by collecting and evaluating pharmacy student opinions.
- Participated in health issue research and received the Staff of the Year award in recognition of service and department contributions.

Staff of Community Service, JMKI Farmasi UGM

Feb 2022 – Dec 2023

- Managed "JMKI goes to School" and "Aksi Hari Besar" programs, serving as sub-coordinator for advocacy campaigns and seminars on pediatric acute hepatitis.
- Handled event administration, including material preparation, participant registration, and certificate issuance, and supported collaborative public health events such as "Buka Bersama", World Health Day, and charity donation programs.

HONORS AND AWARDS

- | | |
|---|------|
| • Finalist of 9th INHESION "International Nutrition and Health Symposium" | 2025 |
| Faculty of Medicine, Public Health, and Nursing Universitas Gadjah Mada (FKKMK UGM) | |
| • 1st Winner of Pharmacopeia Research and Development Competition | 2024 |
| Padjajaran University | |
| • 1st Winner of Farmakesta Essay Competition | 2024 |
| Poltekkes Kemenkes Surakarta | |
| • 1st Winner of Scientific Essay Joglosepur Pharmacy Competition | 2023 |
| ISMAFARSI Joglosepur | |
| • 1st Winner of Compounding Event Pharmpionship 2023 | 2023 |
| International Affairs Department of BEM KMFA UGM 2023 | |
| • Best Staff of Strategic Studies and Issue Escalation Department | 2022 |
| Badan Eksekutif Mahasiswa Farmasi UGM | |
| • Staff of the Year in Community Service Department | 2022 |
| Jaringan Mahasiswa Kesehatan Indonesia Farmasi UGM | |
