

ALIFAH JUM'ATULLAILA ZA'ANI

+6282286935392 | alifahjumatullaila@gmail.com | <https://www.linkedin.com/in/alifahjz/>

Kab. Cianjur, Jawa Barat

Bachelor of Applied Science in Chemical Analysis with hands-on experience in pharmaceutical testing and quality control. Proficient in analytical data evaluation, GMP-compliant documentation, and SOP implementation.

Work Experiences

PT Pyridam Farma Tbk - Jakarta, Indonesia

Aug 2025 - Present

QC/Intermediate Product Analyst

- Conducted intermediate and finished product testing using established analytical methods and specifications.
- Operated HPLC, UV-Vis, FTIR, pH meter, Dissolution Tester, and other laboratory instruments; analyzed chromatographic data using Microsoft Excel.
- Prepared GMP-compliant analytical documentation and reports in accordance with ALCOA+ principles.
- Reported OOT/OOS findings for investigation and corrective action.
- Performed routine analytical balance verification and maintained equipment records.

Sekolah Vokasi IPB University - Bogor, Indonesia

Jan 2025 - Jun 2025

Asisten Praktikum Mata Kuliah Aplikasi Sensor dan Biosensor di Industri

- Prepared laboratory equipment, materials, reagents, and samples; demonstrated proper instrument use and assisted students in conducting experiments according to SOPs and safety guidelines.
- Supervised practical sessions, provided technical guidance, evaluated reports and performance, and maintained laboratory cleanliness, equipment readiness, and activity documentation.

PT Phytochemindo Reksa - Bogor, Indonesia

Jul 2023 - Dec 2023

QC Analyst Intern

- Conducted finished product testing using established analytical methods and specifications.
- Operated laboratory instruments, including pH meter, Disintegration Tester, and UV-Vis Spectrophotometer.
- Managed analytical data and GMP-compliant documentation.
- Reported OOT/OOS findings for further investigation and corrective action.

Education Level

IPB University - Bogor, Indonesia

May 2020 - Oct 2024

Bachelor of applied Science Chemical Analysis, 3.34/4.00

Organisational Experience

Gema Nusantara - Bogor, Indonesia

Sep 2020 - Dec 2022

Anggota

Skills, Achievements & Other Experience

- **Hard Skills** (2026): Familiar with ICP-OES operating procedures and work instructions, with hands-on experience in instrument operation.
- **Hard Skills** (2025): Operated FTIR (Fourier Transform Infrared Spectroscopy) instruments for raw material and finished product identification. (PerkinElmer)
- **Hard Skills** (2025): Operated HPLC (High-Performance Liquid Chromatography) instruments for routine analytical testing in compliance with GMP and laboratory SOPs. (Shimadzu, Agilent, Thermo Fisher Scientific Vanquish, Inachrom)
- **Hard Skills** (2025): Operated analytical and laboratory instruments, including pH meters, laboratory ovens, Karl Fischer titrators, Dissolution Testers, Disintegration Testers, and viscometers for routine pharmaceutical testing and quality control activities.
- **Hard Skills** (2025): Conducted quantitative analysis using iodometric and complexometric titration.
- **Hard Skills** (2025): Analyzed analytical test results and maintained accurate quality documentation in compliance with GMP, ALCOA+, and laboratory SOPs.
- **Hard Skills** (2023): Participant in Mindo Intensive Bootcamp Batch 4 – Research and Development (R&D) Division, Food Industry
- **Hard Skills** (2023): Participant in Mindo Intensive Bootcamp Level Up Batch 2 – Research and Development (R&D) Division, Food Industry
- **Hard Skills** (2025): Performed quantitative analysis using UV-Vis spectrophotometry (Shimadzu) in accordance with approved analytical methods
