SUMMARY

Pharmacist Professional Program and Bachelor of Pharmacy graduate from Hasanuddin University, with hands-on experience in pharmaceutical industries, distributors, hospitals, primary healthcare facilities, and community pharmacies. Skilled in distribution management (including cold chain), Quality Assurance (QA), prescription screening and dispensing, Drug Information Services (DIS), patient counseling, and medication therapy monitoring. Proficient in pharmaceutical supply management in accordance with FEFO, GDP (CDOB), and GMP (CPOB) standards. A licensed pharmacist committed to delivering high-quality, ethical, and patient-oriented care.

EDUCATION

HASANUDDIN UNIVERSITY, FACULTY OF PHARMACY

Makassar, Indonesia

Pharmacist Professional Program (GPA: 3.96/4.00)

2025 – 2026

Bachelor of Pharmacy (GPA: 3.43/4.00)

2020 – 2024

- Undergraduate thesis: Validation of UV-Vis spectrophotometry analysis method for measuring clindamycin in rat skin tissue.

SILPAKORN UNIVERSITY, FACULTY OF PHARMACY

Nakhon Pathom, Thailand

International Summer Course Mobility Student RxSU 2023

June 2023

INTERNSHIP EXPERIENCES

PT. SETIA ANUGRAH INDONESIA

Cikarang, Bekasi

Pharmacist Intern/PKPA

June – August 2025

- Participated in Quality Assurance processes to ensure all products are suitable with quality standards.
- Drafted and reviewed quality management system documents, including Product Quality Review Reports (PQR) and stability protocols, specifically focused on maintaining product integrity throughout the distribution chain.
- Developed and maintained Product Design & Development documentation, including Design Plan, Input, Output, Verification, and Validation documents in accordance with quality management system requirements.
- Monitored non-conformities and supported the implementation of Corrective and Preventive Actions (CAPA) to ensure continuous adherence to quality standards.
- Supported Quality Control (QC), including raw material and finished goods testing, in accordance with pharmaceutical and medical device industry standards.
- Assisted in production operations to ensure process workflows strictly followed company standards and Standard Operating Procedures (SOP).
- Collaborated with cross-functional teams during product development activities to ensure design outputs met intended user requirements, quality specifications, and regulatory standards.

PT. KIMIA FARMA APOTEK

Makassar, South Sulawesi

Pharmacist Intern/PKPA

May – June 2025

- Managed the medication procurement cycle, including needs planning and ordering to pharmaceutical wholesalers (PBF).
- Performed clinical and administrative screening of prescriptions to ensure appropriate indications, dosages, and to identify potential drug interactions.
- Provided professional consultations to patients regarding the proper use, storage, and potential side effects of medications.
- Ensured stock accuracy by reconciling physical inventory/stock opname with digital systems and performed regular monitoring of medication expiry dates to maintain product quality.

PT. PARIT PADANG GLOBAL

Makassar, South Sulawesi

Pharmacist Intern/PKPA

April – May 2025

- Implemented Good Distribution Practice (GDP/CDOB) standards throughout the entire distribution workflow, including receiving, storage, and distribution of pharmaceutical products and medical devices.
- Conducted systematic monitoring of warehouse storage conditions, including temperature and humidity to ensure the stability of Cold Chain and ambient temperature products.
- Managed distribution administration by validating invoices, purchase orders, and shipping documentation in full compliance with government regulations.
- Ensured physical and system stock accuracy through stock opname and the consistent implementation of FEFO (First Expired, First Out) storage principles.

PHARMACEUTICAL LABORATORY OF HASANUDDIN UNIVERSITY
Pharmaceutical Laboratory Assistant

Makassar, South Sulawesi
August 2023 – July 2024

- Assisted in conducting laboratory practical sessions with undergraduate students of the Faculty of Pharmacy.
- Performed pharmaceuticals compounding practices, including solid, liquid, semi-solid, and sterile dosage forms, as well as basic pharmaceuticals and physical pharmacy experiments.
- Ensured compliance with laboratory safety protocols for all students and laboratory personnel.

AIESEC in UNHAS
Outreach Team Leader of External Relations Business Development

Makassar, South Sulawesi
February 2022 – January 2024

- Responsibilities:
- Developed and executed partnership strategies for community, NGO, government, and media stakeholders.
 - Managed end-to-end partnership lifecycle (outreach, onboarding, engagement, monitoring, and evaluation).
 - Implemented External Stakeholders Standard Minimums (ESSM) tracking system to ensure compliance and performance.

- Achievements:
- Managed 100+ community/NGO partners with 95% partner satisfaction rate.
 - Successfully managed 30+ active partnerships, including monitoring, evaluation, and optimization processes.
 - Conducted 20+ stakeholder meetings across community, government, and media sectors.

PROJECT
STUDENT CREATIVITY PROGRAM (PKM)
Team Member

Makassar, South Sulawesi
November 2022 – November 2023

- Developed research proposals.
- Collected and analyzed research data.
- Drafted research findings for publication in international journals.
- Collaborated with team members to develop innovative ideas and achieve research targets.

STUDENT ENTREPRENEURSHIP PROGRAM (PMW)
Team Member

Makassar, South Sulawesi
April 2021 – April 2022

- Developed business concepts and product innovations.
- Produced and marketed products.
- Conducted marketing and promotional activities targeting potential customers.
- Designed sales strategies to enhance product competitiveness.

- ACHIEVEMENTS
- **International Journal Publication** “Selective Delivery of Clindamycin Using a Combination of Bacterially Sensitive Microparticle and Separable Effervescent Microarray Patch on Bacteria Causing Diabetic Foot Infection” in the Springer – Journal of Pharmaceutical Research. (2024)
 - **International Journal Publication** “Validation of spectrophotometric and colorimetric methods to quantify clindamycin in skin tissue: application to in vitro release and ex vivo dermatokinetic studies from separable effervescent microarray patch loaded bacterially sensitive microparticle” in the Springer Nature – Journal of Analytical Sciences. (2023)
 - **2nd Place of 36th National Student Scientific Works (PIMNAS-36)** through Student Creativity Program (PKM). (2023)
 - **Awardee of Cendekia** Badan Amil Zakat Nasional (BAZNAS) Scholarships. (2022)
 - **2nd Place of National Scientific Papers** of Tirtayasa Research Academic Society and Festival. (2022)
 - **1st Place Best Position Paper** of International Model United Nations Conference. (2021)
