Sukabumi, West Java

Pharmacist with regulatory compliance and quality systems experience. Proficient in documentation control, traceability analysis, and material evaluation to maintain product safety and efficacy. Brings a structured, compliance driven mindset to support formulation development and regulatory preparedness in R&D settings.

Work Experiences

LPH UIN Syarif Hidayatullah Jakarta - South Tangerang, Indonesia

Oct 2025 - Present

Halal Certification Administration Staff

- Managed end to end Halal certification audits for client companies, ensuring full compliance with LPPOM MUI and BPJPH standards, with a track record of conducting over 10+ successful certification audits.
- Verified Halal Certificates for all raw materials, maintaining 100% compliant audit trails.
- Audited production workflows, sanitation, and facility hygiene against Halal-Thayyib principles to guarantee product wholesomeness.
- Streamlined certification by preparing and organizing all audit documentation, ensuring review readiness.
- Conducted traceability analysis for high-risk materials to identify contamination risks and secure supply chain integrity.

PT. Penta Valent Tbk - East Jakarta, Indonesia

May 2025

Pharmacist Intern

- Managed end to end pharmaceutical order fulfillment, ensuring accurate preparation and invoice verification.
- Ensured compliance with Good Distribution Practices (GDP) to maintain safety and quality standards.
- Performed quality control inspections on returned and rejected products, initiating proper corrective actions.
- Maintained accurate invoice records for pharmaceuticals and cosmetics to streamline administrative workflows.
- Enhanced inventory tracking by systematically logging all returned/rejected products into the company system.

PT. Yarindo Farmatama - Cikande, Indonesia

Mar 2025 - Apr 2025

Quality Control Pharmacist Intern

- Executed comprehensive product testing and stability studies, ensuring compliance with regulatory standards.
- Designed and performed stability protocols to validate drug product shelf-life and quality.
- Optimized lab efficiency by analyzing man-hour requirements for potency testing, improving workflow.
- Analyzed quality trend data to proactively identify and investigate Out of Trend (OOT) results.
- Maintained strict environmental monitoring records, ensuring GMP compliance and manufacturing safety.
