LICENSED PHARMACIST

Licensed Pharmacist from Universitas Indonesia (GPA 3.78) with hands on internship experience in Quality Control within a pharmaceutical manufacturing environment. Strong understanding of Good Manufacturing Practices (GMP), regulatory documentation, change control, CAPA, risk management, data integrity, and stability study processes. Experienced in supporting QC documentation, reviewing SOPs, and ensuring compliance with internal and regulatory requirements. Detail-oriented and analytical with good communication skills in Bahasa Indonesia and English. I'm proud as one of awardee of the NTB scholarship, a governmental scholarship provided for west nusa tenggara students. Beyond my academic pursuits, I have contributed to the scientific community through several publications delving into the herbal potential and some researches about COVID-19. I am open to explore opportunities that align with my skills and aspirations, also allow me to make a meaningful impact in the pharmacy.

EDUCATION

Apothecary School	2024-2025	Universitas Indonesia
