

GLADIS AJENG PRININGTA

Quality Assurance × Pharmaceutical Analytical Chemistry × Regulatory Affairs

[085334006124](tel:085334006124) | gladisajengp@gmail.com | [linkedin.com/in/gladisajengp](https://www.linkedin.com/in/gladisajengp) | Kota Malang, Jawa Timur, Indonesia

PROFESSIONAL SUMMARY

Licensed Pharmacist and recent graduate of the Pharmacist Professional Program (PSPA) at Universitas Brawijaya, with hands-on QA expertise spanning product variation registration, deviation handling and CAPA documentation, vendor Drug Master File review, and retained sample evaluation. Undergraduate research at Universiti Kebangsaan Malaysia — analyzing adulterated drug content in herbal medicine using HPLC, UV spectrophotometry, and IR — sharpened precision in instrumental method validation and data interpretation. Complemented by five cross-sector internships spanning pharmaceutical manufacturing, hospital pharmacy, distribution, primary healthcare, and community pharmacy, offering a well-rounded view of how quality, regulation, and patient care connect across the industry.

EDUCATION

Universitas Brawijaya Aug 2025 – Sep 2026
Pharmacist Professional Program (Apoteker/PSPA) — GPA 3.89/4.00

Universitas Brawijaya Aug 2021 – Jun 2025
Bachelor of Pharmacy (S.Farm) — GPA 3.45/4.00

PROFESSIONAL EXPERIENCE

Pharmacist Intern Apr 2026 – May 2026
Apotek Fatih Farma — Kota Malang

- Screened 60+ prescriptions, verifying dosage accuracy, drug interactions, and administrative completeness before dispensing.
- Dispensed 20+ compounded prescriptions and provided patient counseling and education on proper medication use.
- Recommended appropriate over-the-counter treatments to 20+ patients based on presenting symptoms (swamedikasi).
- Delivered health education at LKSA Robbani orphanage on medication storage, Beyond Use Date (BUD), and correct use of specific medications (e.g. eye drops, enema).
- Demonstrated proper disposal methods for expired tablets, ointments, and syrups to Posyandu and PKK community groups.

Distribution Pharmacist Intern Mar 2026 (1 month)
PT. Enseval Putera Megatrading Tbk — Kota Malang

- Reviewed cold chain product (CCP) distribution processes — shipment validation, temperature monitoring, packaging integrity — for compliance with 2025 Good Distribution Practice (CDOB) standards.
- Reviewed 5+ CAPA reports, complaints, product returns, and recall documentation.
- Evaluated handling and distribution of psychotropic, precursor, and cytotoxic drugs for CDOB compliance.
- Audited transportation vendor qualification documents and distribution records to support product traceability.

Governmental Pharmacist Intern Feb 2026 (1 month)
Puskesmas Karangploso — Kota Malang

- Dispensed 100+ prescriptions and provided patient counseling and education (KIE) to 10+ patients.
- Delivered health education on jamu safety and the risks of undeclared chemical drug substances (BKO) at Pondok Pesantren Kepuharjo.
- Conducted stock opname, receiving, storage, and distribution of medications at Pustu and Polindes facilities.
- Dispensed medications and provided counseling to 30+ Prolanis (chronic disease management program) patients.

Governmental Pharmacist Intern Feb 2026 (1 month)
Dinas Kesehatan Kabupaten Malang — Kota Malang

- Contributed to the annual review of asset mutation documentation for Dinas Kesehatan across Kabupaten Malang.
- Assisted in systematic archiving and documentation of annual records for Dinas Kesehatan.

Clinical Pharmacist Intern

Dec 2025 – Jan 2026

RSUD dr. Mohamad Soewandhie — Surabaya

- Conducted clinical pharmacy assessments for 30+ inpatients, including prescription review, therapy monitoring, ADR surveillance, DRP analysis, and medication reconciliation.
- Gained exposure to IV admixture preparation and CSSD operations; observed cytostatic drug handling and mixing procedures.
- Participated in managerial aspects of the drug lifecycle, from planning through reporting and documentation.
- Prepared medications for inpatient and outpatient services using various drug distribution systems, and supported interprofessional education (IPE) initiatives.

Quality Assurance Intern

Oct 2025 – Nov 2025

PT. Kimia Farma, Tbk

- Prepared and reviewed 15+ supporting documents for product variation registration in compliance with CPOB 2024 and BPOM Regulation No. 24/2017, including comparative product matrices, stability study reports, and method validation documentation.
- Drafted justification statements for product variation changes — including raw material source, packaging design, and shelf-life extension — to support registration submissions.
- Reviewed vendor Drug Master Files and updated finished-product CoA based on QC test results to verify registration data accuracy.
- Developed primary and secondary packaging mockups and production process flowcharts for products under variation registration.
- Conducted retained sample testing and investigation for product complaints; evaluated 2D barcode printing/serialization compliance against Work Instructions.
- Drafted and revised 3 quality system documents: Deviation Handling Work Instruction, Deviation Report Form, and CAPA.

RESEARCH EXPERIENCE

Research Attachment

Apr 2025 – May 2025

Faculty of Pharmacy, Universiti Kebangsaan Malaysia (UKM)

- Performed instrumental analysis using HPLC, UV spectrophotometry, and IR spectrophotometry to detect undeclared pharmaceutical adulterants (mefenamic acid) in herbal medicine products.
- Contributed to an international research project on herbal medicine safety, applying multi-instrument validation techniques under academic supervision.
- Strengthened analytical method development and quality control skills directly applicable to pharmaceutical QA/QC roles.

TEACHING & LABORATORY ASSISTANT EXPERIENCE

Laboratory Assistant — Instrumental Chemical Analysis

Feb 2024 – Jul 2024

Universitas Brawijaya

- Led laboratory sessions in Instrumental Chemical Analysis for pharmacy students, covering UV spectrophotometry, IR spectrophotometry, HPLC, thin-layer chromatography (TLC), and polarimetry.
- Guided 50+ students in operating analytical instruments hands-on, from calibration and sample preparation through interpreting measurement results.

Laboratory Assistant — Non-Instrumental Chemistry

Feb 2023 – Jun 2023

Universitas Brawijaya

- Led Non-Instrumental Chemistry lab sessions for 50+ first-year students, covering 5+ titration methods (acid-base, redox, complexometric, iodometric, argentometric).
- Assessed written and practical examinations, and provided weekly feedback on laboratory reports.

Private Tutor

Aug 2024 – Oct 2025

Bimbel Privat Juara

- Provided private tutoring support alongside pharmacy studies and internships.

LEADERSHIP & ORGANIZATIONAL EXPERIENCE

Staf Khusus

Feb 2022 – Feb 2023

DPM FK UB (Dewan Perwakilan Mahasiswa, Fakultas Kedokteran, Universitas Brawijaya)

- Served as special staff supporting student representative council programs and initiatives.

SKILLS

Quality Assurance & Regulatory: CPOB 2024, BPOM Regulation No. 24/2017, CDOB (Good Distribution Practice), CAPA, Deviation Handling, Product Variation Registration, Vendor Drug Master File Review, QMS Documentation

Analytical Chemistry & Instrumentation: HPLC, UV Spectrophotometry, IR Spectrophotometry, TLC/KLT, Polarimetry, Titration (Acid-Base, Redox, Complexometric, Iodometric, Argentometric), Method Validation

Clinical & Community Pharmacy: Prescription Screening & Dispensing, Patient Counseling (KIE), Therapy Monitoring, DRP Analysis, ADR Surveillance, Swamedikasi

Project Management & Leadership: Project Management, Team Building, Collaborative Problem Solving, Cross-Functional Coordination

HONORS & AWARDS

- Favorite Winner — Pharmadays Public Education Poster Competition
- 2nd Winner — Poster Competition, National Seminar ANEPH VIII (Ash-Shaydalah National Event of Pharmacy)
- Runner Up — Essay Competition, National Avicena Competition 2023
- Participant — SEAOHUN 2024 Regional Student Video Competition
